Board of Directors  
Fire and Police Pension Association

Dear Members of the Board of Directors:

We are pleased to submit to you the annual financial report for the Fire & Police Members' Benefit Investment Fund and the Fire & Police Members' Self-Directed Investment Fund for the calendar year ended December 31, 2008.

The Fire & Police Members' Benefit Investment Fund includes the assets of those plans that fall under the complete investment authority of the FPPA Board of Directors. This fund includes the assets of the Defined Benefit System, the Statewide Death & Disability Plan, and numerous separate Local "Old Hire" police and fire plans, and Volunteer Fire pension plans. The Defined Benefit System comprises the Statewide Defined Benefit Plan, the Statewide Hybrid Plan, and the Exempt Plans.

The Fire & Police Members' Self-Directed Investment Fund consists of the assets in plans where members control their account by choosing from various mutual fund options selected by the Board of Directors. The Fire & Police Members' Self-Directed Investment Fund includes the assets in the Fire & Police Members' Statewide Money Purchase Plan, the Fire & Police Members' Money Purchase Plan (which includes the assets of affiliated local money purchase plans), and the Fire & Police Members' Deferred Compensation Plans. In addition, the Fire & Police Members' Self-Directed Investment Fund includes assets of certain Deferred Retirement Option Plans within the Defined Benefit System and Local "Old Hire" pension plans. This fund also includes the Money Purchase Component of the Defined Benefit System – Statewide Hybrid Plan.

The Fire & Police Pension Association was established January 1, 1980 and administers a statewide multiple employer public employee retirement system providing defined benefit plan coverage as well as death and disability coverage for police officers and firefighters throughout the State of Colorado. The Association also administers local defined benefit pension funds for police officers and firefighters hired prior to April 8, 1978 whose employers have elected to affiliate with the Association; for volunteer fire plans; and for local money purchase (defined contribution) pension plans. Starting January 1, 1995, the Association began offering membership in the Statewide Money Purchase Plan. There were 198 employer plans participating in the Defined Benefit System – Statewide Defined Benefit Plan, 18 employer plans participating in the Defined Benefit System – Statewide Hybrid Plan, 2 employer plans participating in the Defined Benefit System – Exempt Plans, 35 employer plans with employees participating in the Fire & Police Members' Statewide Money Purchase Plan, 378 employer plans covered by the Statewide Death & Disability Plan, 54 affiliated Local "Old Hire" plans, and 176 affiliated Local Volunteer Fire pension plans as of December 31, 2008.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

Additionally, graphs and charts of statistical data may be found throughout the report.

## Financial Highlights

### General Economic Conditions

The Fire & Police Members' Benefit Investment Fund experienced significant negative performance for the year ended December 31, 2008. A global recession and credit crisis precipitated a sell-off of global equities and fixed income securities. Real gross domestic product (GDP), a broad measure of the output of goods and services in the United States, only grew at an estimated annual rate of 1.1% in 2008, compared to 2.0% in 2007. However, the GDP growth rate declined by 0.5% in Q3 2008 and 6.3% in Q4 2008, leading the U.S. economy into the formal definition of a recession. Consumer spending and confidence continued to decline in 2008. In the labor markets, non-farm payroll employment declined by 3.1 million jobs during the year. The unemployment rate increased to 7.2% from 4.9% during 2008.

Throughout 2008, the Federal Reserve lowered the targeted federal funds rate from 4.25% to a range of 0.0% to 0.25%, citing strained financial markets, tight credit conditions and an overall outlook for economic activity to further weaken. Largely due to higher energy costs, the consumer price index increased 3.8% in 2008 compared to a rate of 2.8% in 2007. The energy price index increased by 13.9% in 2008 compared to a 5.5% increase in 2007. Excluding food and energy, the consumer price index rose 2.3% in 2008 compared to a 2.3% increase in 2007.

After a volatile year in the financial markets, the U.S. stock market posted significant declines for the year. Large company stocks, as measured by the Russell 1000 Index, decreased 37.60% in 2008 compared to an increase of 5.77% in 2007. Smaller company stocks, as measured by the Russell 2000 Index, decreased 33.79% in 2008 compared to a decrease of 1.57% in 2007. Supported by a lower interest rate environment and strong performance of U.S. Treasuries, the U.S. bond market posted solid returns. The Barclays Capital Aggregate Bond Index produced a return of 5.24% in 2008 compared to a 6.97% return in 2007.

After six consecutive years of out-performance, the international equity markets under-performed the U.S. equity market in 2008. The MSCI EAFE Index decreased by 43.06% in 2008 compared to an increase of 11.63% in 2007. The MSCI Emerging Markets Index decreased 53.18% after increasing 39.78% in 2007.

In the currency markets, the U.S. dollar appreciated in value against most major currencies in 2008. The dollar appreciated 4.9% against the Euro, closing at 0.7184 Euros per dollar from 0.6850 at the end of 2007. Against the British Pound, the dollar appreciated 35.9% to 0.6840 from 0.5033 pounds per dollar at the end of 2007. The dollar appreciated 23.2% against the Canadian Dollar resulting in a rate of 1.2240 Canadian Dollars per U.S. dollar from .9937 at the end of 2007. The dollar depreciated 18.5% relative to the Japanese Yen to 90.79 yen per dollar from 111.45 at the beginning of the year.

### Investments

The investible portfolio totaled \$2.608 billion in market value as of December 31, 2008, which was comprised of the Fire & Police Members' Benefit Investment Fund (\$2.457 billion) and the Fire & Police Members' Self-Directed Investment Fund (\$151 million). The Members' Benefit Investment Fund had a total gross return of negative 28.85% for the one-year period ending December 31, 2008. At year-end, the Fire & Police Members' Benefit Investment Fund was allocated as follows: U.S. equities 35.7%; international equities 16.6%; domestic core plus bonds 26.2%; domestic high yield bonds 1.5%; real estate 7.7%; private capital 10.8%; and cash & short-term investments 1.5%. The FPPA Board of Directors has established investment policies and objectives to define acceptable levels of risk, asset allocation targets, asset class guidelines, investment performance objectives, and other guidelines governing the management of the Fire & Police Members' Benefit Investment Fund. The Board has adopted a separate statement of policies and objectives for the Fire & Police Members' Self-Directed Investment Fund which includes investment objectives, criteria for the selection of investment options and mutual fund guidelines.

### Funding Status

Each pension plan administered by FPPA must be separately funded. Assets from one plan cannot be used to pay the benefit obligations of any other plan. Therefore, the funding status of each individual plan must be judged separately.

For the Defined Benefit System – Statewide Defined Benefit Plan and the Statewide Hybrid Plan – Defined Benefit Component, assets continue to exceed the pension benefit obligation as calculated according to GASB 25. There are no unfunded current liabilities under these plans in accordance with state statutory requirements. Assets continue to increase as a percentage of the liability for future benefits of all members.

## Independent Audit

The accounting firm of Bondi & Co., LLC rendered an opinion as to the fairness of the Fund's 2008 financial statements. The audit was performed in accordance with auditing standards generally accepted in the United States of America. The Independent Auditors' Report is included on pages 16 and 17 of this report.

## Revenues

Revenues are used to fund the current and future retirement benefits established by the state legislature and local boards which are paid to retirees and their survivors by the Association. The primary sources of revenue include contributions from active members, employers and the state; new affiliations; and investment income. Revenues for the year 2008 amounted to -\$884.6 million, a decrease of \$1,463 million or -253.0% from 2007.

The net revenues for 2008 were comprised of \$61.0 million in member contributions, down 20.1% from \$76.3 million in 2007. Employer contributions totaled \$88.8 million in 2008, up 3.8% from \$85.6 million in 2007. The State of Colorado contributed \$37.6 million to plans affiliated with the Association in 2008. The Association's investment loss for 2008 totaled \$1,076 million. Two departments elected to affiliate into the Statewide Hybrid Money Purchase Plan bringing in \$1.1 million in assets.

Active membership is distributed as follows: 5,624 Defined Benefit System – Statewide Defined Benefit Plan members, up 10.4% from 5,094 in 2007; 368 Defined Benefit System – Statewide Hybrid Plan members, down 7.1% from 396 in 2007; 911 exempt plan members, down 3.1% from 940 the prior year; 154 old hire members, down 31.6% from 225 in 2007; 101 money purchase plan members, up 27.8% from 79 last year; 4,324 volunteer fire members, up 0.8% from 4,289 in 2007; and 4,700 members covered for death & disability only, down 3.4% from 4,863 last year. The members listed above are comprised of 39.4% police officers and 60.6% firefighters.

The net investment loss for 2008 amounted to \$1,076 million. Interest, dividends and other investment income decreased by \$129.0 million over the prior year. Realized and unrealized gains on investment transactions decreased \$1,253.1 million for 2008 over those in 2007. The total market value of the investment portfolio decreased to \$2.6 billion, or a decrease of \$1.1 billion from \$3.7 billion at the end of 2007.

An explanation of FPPA's investment policies and asset allocation strategy, as well as the portfolio's composition are included in the investment section of this report. Additionally, a review of investment activity and performance for 2008 is included in that section.

## Expenses

The primary expenses of the Association include the payment of benefits to retirees and beneficiaries, the refund of contributions to former members, and the cost of administering the numerous pension plans. Expenses for the year 2008 totaled \$220.4 million, which is a decrease of \$5.7 million or -2.5% over 2007.

Benefit payments to retirees and beneficiaries totaled \$185.2 million in 2008, up 7.0% or \$12.0 million from the prior year. The increase in benefit payments was due primarily to an increase in the number of retirees and beneficiaries receiving benefits, and a cost of living increase for the Defined Benefit System of 2.9%. The number of retirees receiving benefit payments increased to 8,198 as of December 31, 2008, up 3.2% from 7,944 at the end of 2007.

Administration expenses of the Fund increased to \$25.1 million in 2008 from \$23.9 million in 2007. This represented an increase of 5.1%. Administrative expenses include money management fees, which make up 74.2% of total administrative expenses. Investment management fees are asset based and increase as the size of the fund increases.

## Accounting System and Internal Control

The financial statements included in this report, along with all other information provided, are the responsibility of the management of the Fire and Police Pension Association. The financial statements have been prepared in accordance with generally accepted accounting principles and reporting as required by the Governmental Accounting Standards Board and the Financial Accounting Standards Board.

Revenues are recognized when they are earned and become measurable, and expenses recorded as liabilities as they are incurred. Investments are stated at current market value, and trades booked on a trade-dated rather than settlement-dated basis. Investments in limited partnerships and pooled funds are carried at values adjusted to recognize the Association's share of net income or loss in the period reported. Fixed assets are capitalized at cost and depreciated over their useful lives. Contributions to the plans are based on principles of level cost funding, and are developed using the entry age normal cost method with current service financed on a current basis and prior

service amortized over a 10 to 40 year period (depending on the type of plan). In management's opinion, the financial statements present fairly the financial position of the FPPA at December 31, 2008 and the result of its operations for the period then ended.

The financial statement format of the Comprehensive Annual Financial Report, as well as data presented in the Actuarial Section, meet the requirements of GASB 25. While each of the plans administered by FPPA have been audited as a separate fund and identified separately in the auditor's opinion, they are combined on the financial statements for presentation purposes.

The management of the Fire and Police Pension Association is also responsible for maintaining a system of internal accounting control designed to provide reasonable assurance that transactions are executed in accordance with generally accepted accounting principles. This system includes the appropriate segregation of duties and responsibilities, sound practices in the performance of those duties, capable personnel, and the organizational structure itself. We believe that the internal controls in effect during the year ended December 31, 2008 adequately safeguarded assets and provided reasonable assurance regarding the proper recording of financial transactions.

## Other Programs and Services

### Visitation Program

During 2008, FPPA's Benefits & Communication Division continued its communication programs with members, employers and retirees. Approximately 487 presentations were made to members from 150 fire and police departments throughout the State covering information about the death and disability benefits, retirement benefits, and other services provided by the Association. Much of this program is conducted on-site, with staff visiting fire stations and attending police roll calls, to ensure that members have face-to-face meetings with FPPA staff on a regular basis. Thanks to exceptionally good response, we have continued to offer retirement projections to assist members in planning for their future retirement needs. These projections display the dollar amount the member can expect to receive at retirement, shown in both future, and current values, as well as displaying a percentage of salary that their retirement income is projected to replace. This program takes into account the many accounts (i.e., SRA, DROP, 457) that the member may have in addition to the core pension benefit. This provides a quick way for the members to see if they may be saving adequately for retirement.

FPPA staff also presents benefit information at many department academy classes throughout the year. These meetings provide the new members an introduction to the FPPA benefit plans. The members are then able to stay abreast of the benefit plan provisions through the on-going department visitation program.

FPPA staff accepts many invitations to participate in employer sponsored retirement seminars or benefit fairs held at various departments and cities across the state.

### FPPA Defined Benefit System Meetings

In 2003, legislation was enacted to allow departments who cover their firefighters and police officers in money purchase plans to elect coverage under the FPPA Defined Benefit System. In 2008, FPPA staff held a series of meetings to present information to departments who expressed interest in entering the FPPA Defined Benefit System. Two departments completed the entry process in 2008. Discussions are on-going with other departments. These meetings are conducted at the request of the members and/or employers.

### FPPA Seminars

Year 2008 also marks FPPA's twenty-first year of offering various seminars to help members plan for retirement, both financially and psychologically. FPPA hosted two seminars, on topics including wills, trusts and estate planning, Medicare and Social Security information as it relates to the FPPA membership, identity theft, considerations when evaluating the need for long-term care insurance, and general financial planning. The seminars continue to get excellent reviews by the attendees. FPPA strongly recommends these no-cost seminars to members, retirees and employers.

### 457 Deferred Compensation

FPPA's Section 457 Deferred Compensation program was developed in 1990 in response to member requests. By the end of 2008, there were 118 employer plans participating in the program. The program provides tax-deferred savings to help members meet their retirement needs and, with low management fees, more of the dollars invested are returned for the member's use in retirement.

### Statewide Money Purchase Plan

In April 1993, the Colorado General Assembly authorized FPPA to create a new Statewide Money Purchase Plan. The plan took effect on January 1, 1995. Currently there are 35 employer plans with members participating in this program. Some have exited to enter the FPPA

Defined Benefit System which offers added choice to the existing members. Department chiefs may also participate in this plan as an alternative to the Statewide Defined Benefit Plan.

### Money Management Services – Volunteer Fire Plans

Since legislative approval in 1986, FPPA has offered the advantages of its money management services to volunteer fire department pension funds that choose to affiliate. At the end of 2008, there were a total of 176 volunteer plans participating. Plans participating in FPPA are provided with an actuarial study every two years as well as an annual audit of their pension funds.

### Optional Insurance Benefit Programs

FPPA offers retirees access to a broad range of insurance products including health, dental, vision and long-term care. Some of these products are available to members and retirees by simply applying for coverage, while others require evidence of insurability. A group medical plan is available for retirees who are Medicare eligible. Retirees who are not Medicare eligible can contact HUB International (formerly known as The Gemini Group), an insurance broker who partners with FPPA, to provide members with assistance in finding an individual medical insurance policy. HUB International works with many companies and is able to assist FPPA members and retirees in comparing benefits and applying for coverage. HUB can also assist with obtaining life insurance, long-term care and other insurance products. Many of these insurance premiums are deducted from the retiree's pension check and paid directly to the insurance provider, thus enabling eligible retirees to take advantage of the tax exclusion as permitted by the Healthcare Enhancement for Local Public Safety (HELPS) provision of the Federal Pension Protection Act of 2006.

## Awards

---

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Fire and Police Pension Association for its comprehensive annual financial report for the fiscal year ended December 31, 2007. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report, whose contents conform to program standards. The comprehensive annual financial report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to conform to the Certificate of Achievement program requirements, and we are submitting it to GFOA.

In addition, FPPA received The Public Pension Standards Award for 2007 from the Public Pension Coordinating Council. The award recognizes the Association's conformance with professional standards for plan design and administration.

## Acknowledgments

---

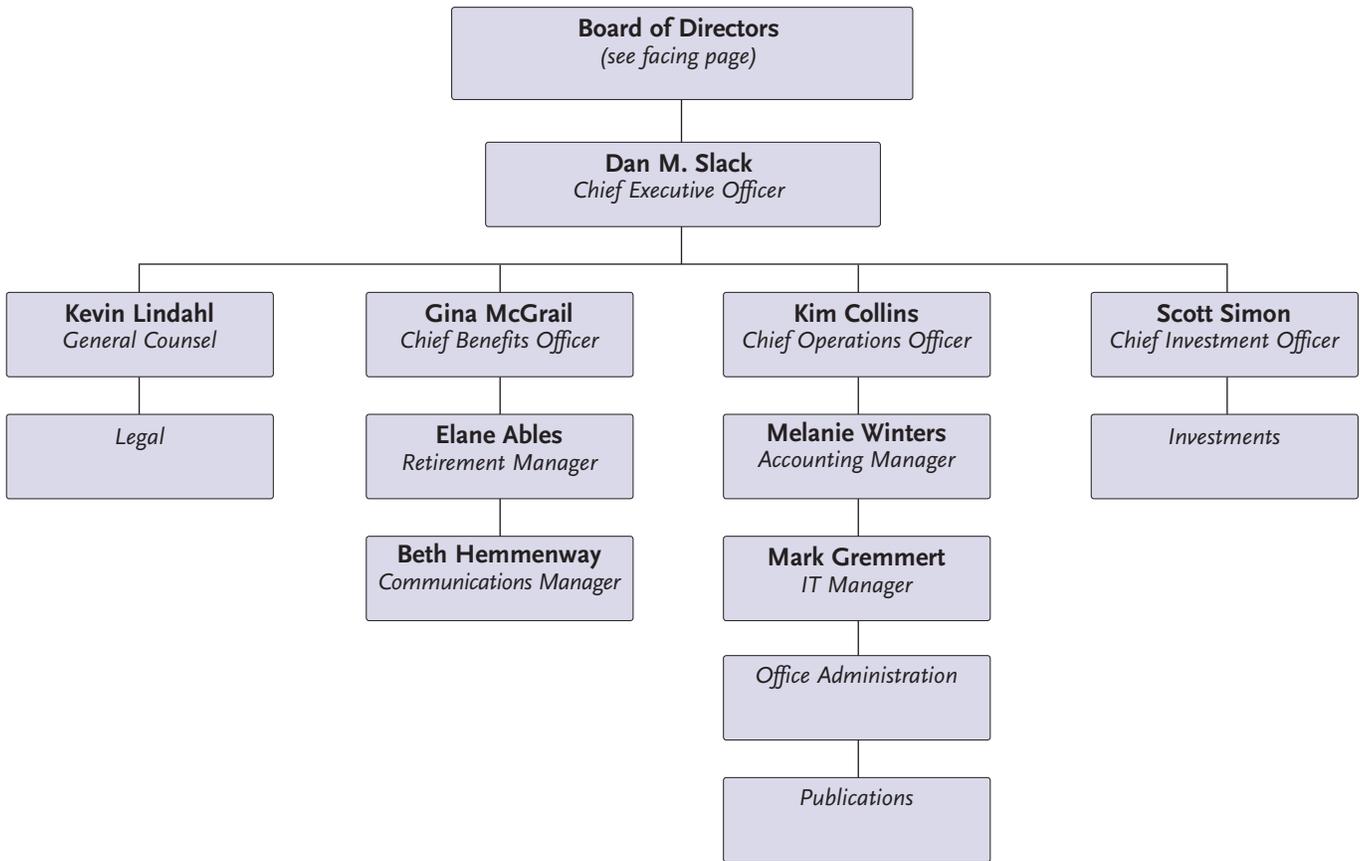

This annual report of the Fire and Police Pension Association was prepared through the combined efforts of the FPPA staff under the leadership of the Board of Directors. It is intended to provide complete and reliable information which may be used as a basis for making management decisions and as a means for determining compliance with state statutes.

Access to this report is being provided to the State Auditor, the Joint Budget Committee, the State Pension Reform Commission, all participating employers, and other interested parties.

Respectfully submitted,

Dan M. Slack  
Chief Executive Officer

# FPPA Administrative Organizational Chart

By state statute, the management of the Fire & Police Members' Benefit Investment Fund and the Fire & Police Self-Directed Investment Fund (the Funds) is vested in the Board of Directors of the Fire and Police Pension Association of Colorado. The nine members of the Board of Directors serve four-year staggered terms. Appointed by the Governor and confirmed by the Senate, the FPPA Board of Directors is composed of:

**Two** members representing Colorado municipal employers;

**One** member representing full-time paid firefighters;

**One** member representing full-time paid police officers;

**One** member who is a retired police officer and who, upon completion of his term, is replaced by a retired firefighter. Thereafter, the appointment of retired officers alternates between a retired police officer and a retired firefighter for each successive four year term;

**One** member who is either a member of the Board of Directors of a special district, or is the full-time paid professional manager of a special district to represent special districts having volunteer firefighters;

**One** member from the state's financial or business community with experience in investments;

**One** member from the state's financial or business community with experience in insurance disability claims; and

**One** member of the state's financial or business community experienced in personnel or corporate administration in corporations of over 200 employees.

Specific duties of the Board of Directors include investing and managing the Funds, disbursing money from the Funds, setting required contribution levels, and determining the award of disability and survivor benefits. The Board of Directors also appoints a Chief Executive Officer who is FPPA's chief administrative officer. The Chief Executive Officer appoints FPPA staff who are responsible for the day-to-day administration of the state firefighter and police pension funds.

The FPPA Board of Directors accomplishes its business at regular meetings, held monthly at the Association's Greenwood Village offices. In accordance with state law, each meeting's proposed agenda items are posted in the lobby directory of FPPA's offices at least 24 hours in advance. All meetings begin between 7:30 and 9 am and are open to the public.

Management fees are on pages 66-68. Brokerage commissions are listed on pages 72 and 73. Professional consultants and investment managers are listed on page 12.

# FPPA

## Board of Directors

as of December 31, 2008

**Kirk J. Miller**  
 Board Chair  
 Active, Corporal,  
 Denver Police Department  
 Member since 2005  
 Current term expires 9/1/12

**Mark Sunderhuse**  
 Board Vice Chair  
 Principal - Foresight Capital  
 Member since 2002  
 Current term expires 9/1/10

**Todd Bower**  
 Captain - Denver Fire  
 Department  
 Member since 2001  
 Current term expires 9/1/09

**Tim Nash**

FPPA administers the Fire & Police Members' Benefit Investment Fund which includes the assets of those plans that fall under the complete investment authority of the FPPA Board of Directors. This fund includes the assets of the Defined Benefit System, the Statewide Death & Disability Plan, and numerous separate Local "Old Hire" police and fire plans, and Volunteer Fire pension plans. The Defined Benefit System comprises the Statewide Defined Benefit Plan, the Statewide Hybrid Plan, and the Exempt Plans.

In addition, FPPA administers the Fire & Police Members' Self-Directed Investment Fund which consists of the assets of plans where members control their account by choosing from various mutual fund options selected by the Board of Directors. The Fire & Police Members' Self-Directed Investment Fund includes the assets in the Fire & Police Members' Statewide Money Purchase Plan, the Fire & Police Members' Money Purchase Plan (which includes the assets of affiliated local money purchase plans), and the Fire & Police Members' Deferred Compensation Plans. In addition, the Fire & Police Members' Self-Directed Investment Fund includes assets of certain Deferred Retirement Option Plans within the Defined Benefit System and Local "Old Hire" pension plans. This fund also includes the Money Purchase Component of the Defined Benefit System – Statewide Hybrid Plan.

An audit is performed annually on the Fire & Police Members' Benefit Investment Fund and the Fire & Police Members' Self-Directed Investment Fund.

General information about each Fund can be found in the Introductory Section of this annual report. A listing of employers by plan or plan type can be found in the Statistical Section of this report. All data in this annual report, other than the audit reports which follow, has not been audited by FPPA's outside auditors.

The accompanying notes are an integral part of the financial statements.

**Independent Auditors' Report**

We have audited the accompanying financial statements of the Fire and Police Members' Benefit Investment Fund (consisting of the Affiliated Local Plans, the Statewide Death and Disability Plan, and the Defined Benefit System) and the Fire and Police Members' Self-Directed Investment Fund (consisting of the Fire and Police Members' Money Purchase Plan, the Fire and Police Members' Statewide Money Purchase Plan, the Self-Directed Assets for the Affiliated Local and Defined Benefit System Plans, and the IRC 457 Deferred Compensation Plan) of the Fire and Police Pension Association of Colorado, (FPPA), as of and for the year ended December 31, 2008, which collectively comprise the FPPA's basic financial statements as listed in the table of contents. These financial statements are the responsibility of FPPA's management. Our responsibility is to express an opinion on these financial statements based on our audit. The prior year summarized comparative information has been derived from the FPPA's 2007 financial statements and, in our report dated March 31, 2008, we expressed an unqualified opinion on the respective financial statements of the Fire and Police Members' Benefit Investment Fund (consisting of the Affiliated Local Plans, the Statewide Death and Disability Plan, and the Defined Benefit System) and the Fire and Police Members' Self-Directed Investment Fund (consisting of the Fire and Police Members' Money Purchase Plan, the Fire and Police Members' Statewide Money Purchase Plan, the Self-Directed Assets for the Affiliated Local and Defined Benefit System Plans, and the IRC 457 Deferred Compensation Plan).

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Board of Directors  
Fire and Police Pension Association of Colorado  
Greenwood Village, Colorado  
Page 2

In our opinion, the financial statements referred to above present fairly, in all material respects, the plan net assets available for pension benefits of the Fire and Police Members' Benefit Investment Fund (consisting of the Affiliated Local Plans, the Statewide Death and Disability Plan, and the Defined Benefit System) and the Fire and Police Members' Self-Directed Investment Fund (consisting of the Fire and Police Members' Money Purchase Plan, the Fire and Police Members' Statewide Money Purchase Plan, the Self-Directed Assets for the Affiliated Local and Defined Benefit System Plans, and the IRC 457 Deferred Compensation Plan) of the FPPA, as of December 31, 2008, and the related changes in plan net assets available for pension benefits for the year then ended in conformity with accounting principles generally accepted in the United States of America. As discussed in Note 3 to the financial statements, the FPPA changed its method of estimating changes in year-end valuations for its private fund investments.

The required supplementary information and management's discussion and analysis included in the annual report are not a required part of the basic financial statements, but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the FPPA's basic financial statements. The supporting schedules for the financial section listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

# MANAGEMENT'S DISCUSSION AND ANALYSIS

The following is an overview of the financial activities of the Fire & Police Pension Association for the year ended December 31, 2008. This is the third year reflecting the new fund structure adopted by the Colorado General Assembly in 2006.

FPPA administers two funds: the Fire & Police Members' Benefit Investment Fund and the Fire & Police Members' Self-Directed Investment Fund ("the Funds"). The Fire & Police Members' Benefit Investment Fund includes the assets of those plans that fall under the complete investment authority of the FPPA Board of Directors. This fund includes the assets of the Defined Benefit System, the Statewide Death & Disability Plan, and numerous separate Local "Old Hire" police and fire plans, and Volunteer Fire pension plans. The Defined Benefit System comprises the Statewide Defined Benefit Plan, the Statewide Hybrid Plan, and the Exempt Plans.

The Fire & Police Members' Self-Directed Investment Fund consists of the assets of plans where members control their account by choosing from various mutual fund options selected by the Board of Directors. The Fire & Police Members' Self-Directed Investment Fund includes the assets in the Fire & Police Members' Statewide Money Purchase Plan, the Fire & Police Members' Money Purchase Plan, (which includes the assets of affiliated local money purchase plans), and the Fire & Police Members' Deferred Compensation Plans. In addition, the Fire & Police Members' Self-Directed Investment Fund includes assets of certain Deferred Retirement Option Plans within the Defined Benefit System and Local "Old Hire" pension plans. This fund also includes the Money Purchase Component of the Defined Benefit System – Statewide Hybrid Plan.

## Financial Highlights

Plan Net Assets for all plans administered by FPPA decreased \$1,104,966,569 during the calendar year 2008.

### Plan Net Assets

Affiliated Local Plans	(\$ 626,012,091)
Statewide Death & Disability Plan	(93,814,942)
Defined Benefit System	(340,661,874)
Fire & Police Members' Money Purchase Plan	(502,162)
Fire & Police Members' Statewide Money Purchase Plan	(1,339,022)
Self-Directed Assets for Affiliated Local and Defined Benefit System Plans	(30,297,055)
IRC 457 Deferred Compensation Plan	(12,339,423)
<b>Total Decrease in Plan Net Assets</b>	<b>(\$ 1,104,966,569)</b>

For the year ended December 31, 2008, the gross rate of return on the Fire & Police Members' Benefit Investment Fund was -28.85 percent, (-29.38 percent, net of fees). This performance is less than the 9.68 percent gross return for the year ended December 31, 2007 (9.21 percent, net of fees). The net investment loss for all of the funds, including the Fire & Police Members' Self-Directed Investment Fund administered by FPPA, for the year ended December 31, 2008 was \$1,075,857,420. The overall financial position of FPPA declined due to significant negative performance of the investments in the public and private markets. There are no current known facts, conditions or decisions that are expected to have a significant effect on the financial position or results of operations.

### Net Investment Gain/(Loss)

Affiliated Local Plans	(\$ 553,876,742)
Statewide Death & Disability Plan	(89,661,464)
Defined Benefit System	(383,439,850)
Fire & Police Members' Money Purchase Plan	(47,970)
Fire & Police Members' Statewide Money Purchase Plan	(1,405,228)
Self-Directed Assets for Affiliated Local and Defined Benefit System Plans	(30,051,876)
IRC 457 Deferred Compensation Plan	(17,374,290)
<b>Total Net Investment Gain/(Loss)</b>	<b>(\$1,075,857,420)</b>

The members of the FPPA Board of Directors serve as the fiduciaries for the Funds and are responsible for the investment of the Funds. They also select the investment options available to self-directed plan members. As fiduciaries, the FPPA Board members are required to discharge their duties in the interest of fund participants and beneficiaries.

The Fire & Police Members' Benefit Investment Fund experienced significant negative performance for the year ended December 31, 2008. A global recession and credit crisis precipitated a sell-off of global equities and fixed income securities. Global stock indexes were down approximately 40 percent for the year.

The table below shows the funding ratio (actuarial value of assets divided by actuarial accrued liability) for each of the plans in the Defined Benefit System and the Statewide Death & Disability Plan as of January 1, 2008 and January 1, 2007:

### Funding Ratio

	1/1/2008	1/1/2007
Statewide Death & Disability Plan	134.2%	106.1%
Defined Benefit System – Statewide Defined Benefit Plan	119.4%	122.5%
Defined Benefit System – Statewide Hybrid Plan	144.0%	152.8%
Defined Benefit System – Colorado Springs New Hire Pension Plan – Police Component	94.8%	98.7%
Defined Benefit System – Colorado Springs New Hire Pension Plan – Fire Component	97.7%	99.1%

Affiliated Local Plans are not listed because the data necessary to calculate a gain/loss analysis on all Local Plans was not available as of the January 1, 2008 actuarial valuations.

FPPA's funding objective for the Fire & Police Members' Benefit Investment Fund is to meet long-term benefit promises through contributions and investment income. The funding ratios listed above give an indication of how well this objective has been met to date. The higher the funding ratio, the better funded the plan is.

## Overview of the Financial Statements

The management discussion and analysis is intended to serve as an introduction to FPPA's Financial Statements. The Financial Section for FPPA comprises four components: (1) Fund Financial Statements, (2) Notes to the Financial Statements, (3) Required Supplementary Information, and (4) Other Supplementary Schedules.

**Fund Financial Statements.** There are two financial statements presented for the Funds. The Statement of Plan Net Assets is a snapshot of account balances as of December 31, 2008. This statement reflects the net assets available to pay future pension benefits. The Statement of Changes in Plan Net Assets reflects all the activities that occurred during the year ended December 31, 2008. This statement shows the impact of those activities as additions and deductions to the Funds.

**Notes to the Financial Statements.** The notes are an integral part of the financial statements and provide additional information that is essential for a full understanding of the data provided in the fund financial statements. The notes to the financial statements can be found on pages 26-44 of this report.

**Required Supplementary Information.** The required supplementary information consists of a Schedule of Funding Progress and a Schedule of Employer Contributions. These schedules can be found on pages 45-48 of this report.

**Other Supplementary Schedules.** The additional schedules (Net Assets by Participant, Payments to Consultants, Schedule of Administration and Investment Expenses) are presented for the purpose of additional analysis. These schedules can be found on pages 49-59 of this report.

## Comparative Financial Statements

### Fire & Police Members' Benefit Investment Fund.

The defined benefit plans within this fund provide retirement, survivor and disability benefits to the employees of affiliated employers. Benefits are funded by member, employer and State of Colorado contributions and by earnings on investments.

## NOTE 1: ORGANIZATION

The Fire & Police Members' Benefit Investment Fund was established in 1980 pursuant to the Colorado Revised Statutes of 1973, as amended. (The fund was originally named the Fire & Police Members' Benefit Fund; the name was changed to the Fire & Police Members' Benefit Investment Fund as a result of legislation enacted in 2006.) The "Fire & Police Members' Self-Directed Investment Fund" was created by Colorado House Bill 1059 in 2006. It combined separate money purchase plan and self-directed plan funds that had been created by prior legislation. The Funds are administered by a nine member Board of Directors appointed by the Governor and confirmed by the Senate to serve four-year staggered terms. As trustee, the Fire & Police Pension Association of Colorado (FPPA), collects, invests, administers, and disburses monies on behalf of fire fighters and police officers in the State of Colorado within the "Fire & Police Members' Benefit Investment Fund" and the "Fire & Police Members' Self-Directed Investment Fund."

The Fire & Police Members' Benefit Investment Fund includes the assets of those plans that fall under the complete investment authority of the FPPA Board of Directors. This fund includes the assets of the Defined Benefit System, Local "Old Hire" police and fire plans, Volunteer Firefighter pension plans, and the Statewide Death & Disability plan.

The Fire & Police Members' Self-Directed Investment Fund consists of the assets of plans where members control their account by choosing from various mutual fund options selected by the Board of Directors. This fund includes the assets in the Fire & Police Members' Statewide Money Purchase Plan, affiliated Fire & Police Members' Money Purchase Plans, and the IRC 457 Deferred Compensation Plan. In addition, this fund includes assets of certain Deferred Retirement Option Plans ("DROP") within the Defined Benefit System and Local "Old Hire" pension plans. It also includes the Money Purchase component of the Defined Benefit System – Statewide Hybrid Plan.

**The Affiliated Local Plans** include defined benefit retirement plans for fire and police employees in the State of Colorado hired before April 8, 1978 (Old Hires), provided that such plans have affiliated with FPPA and the affiliated volunteer fire pension plans in the State of Colorado. This is an agent multiple-employer plan.

**The Statewide Death & Disability Plan** is a defined benefit plan. This is a cost sharing multiple-employer plan.

**The Defined Benefit System** comprises the Statewide Defined Benefit Plan, the Statewide Hybrid Plan, and the Colorado Springs New Hire Pension Plans. The Statewide Defined Benefit Plan covers fire and police employees hired in the State of Colorado by affiliated employers on or after April 8, 1978. The Statewide Hybrid Plan became effective January 1, 2004 and provides a combination of defined benefit and money purchase retirement benefits to the Members of those Employers who have either (1) established a local money purchase plan pursuant to C.R.S. § 31-30.5-801 or 31-31-601 or (2) withdrawn into the Statewide Money Purchase Plan pursuant to C.R.S. § 31-31-501 and subsequently elected to participate in the Statewide Hybrid Plan under C.R.S. § 31-31-1101. This system is presented as a single plan based on GASB Statement 25, paragraph 16 which states that on an "ongoing basis, all assets accumulated for the payment of benefits may legally be used to pay benefits, including refunds of member contributions to any of the plan members or beneficiaries, as defined by the terms of the plan." Two exempt plans joined the Defined Benefit System as of October 1, 2006. Upon joining the Defined Benefit System, these two plans merged into one plan document but with a fire and police component. This Colorado Springs New Hire pension plan covers firefighters and police officers who were hired by the City of Colorado Springs on or after April 8, 1978 but prior to October 1, 2006.

**The Fire & Police Members' Money Purchase Plan** administers defined contribution plans for fire and police employees hired in the State of Colorado, providing that such plans have affiliated with FPPA. This is a multiple-employer defined contribution plan. As of 7/31/2008, there are no participating employer plans in the program.

**The Fire & Police Members' Statewide Money Purchase Plan** is a cost sharing multiple-employer defined contribution plan.

**The Self-Directed Assets for Affiliated Local and Defined Benefit System Plans** include supplemental benefits for the Deferred Retirement Option Plans ("DROP") and the Money Purchase component for the Statewide Hybrid Plan.

**The IRC 457 Deferred Compensation Plan**, created under Internal Revenue Code Section 457, collects amounts deferred by participants of affiliated plans. The assets are held in trust for the exclusive benefit of participants.

In order to facilitate investing and to reduce operating costs, FPPA pools assets within the Fire & Police Members' Benefit Investment Fund for investment purposes. Each month shared revenues (i.e. investment income or loss) and shared operating expenses are allocated to each affiliate and to the statewide plans, based upon each plan's proportionate share of total assets. Assets in the Fire & Police Members' Self-Directed Investment Fund are excluded from this allocation process.

## NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### A. Basis of Accounting

FPPA follows the accounting principles and reporting guidelines as set forth by the Governmental Accounting Standards Board. The financial statements are prepared using the accrual basis of accounting and reflect the overall operations of FPPA. Member and employer contributions are recognized in the period in which the contributions are due, and benefits and refunds are recognized when payable in accordance with the terms of each plan.

### B. Reporting Entity

The Governmental Accounting Standards Board has specified the criteria that define a governmental entity for financial reporting purposes. FPPA has considered the possibility of inclusion of additional entities in its comprehensive annual financial report. The definition of the reporting entity is based primarily on financial accountability.

FPPA would be financially accountable for an outside entity if it appointed a voting majority of the organization's governing body and could impose its will on that organization. The same would hold true if FPPA might potentially accrue benefits or incur specific financial burdens on FPPA from an outside entity. Finally, FPPA may be financially accountable for governmental organizations that are fiscally dependent upon it.

Based upon the application of the above criteria, FPPA has no includable entities. In addition, FPPA is not included in the financial statements of any other entity.

### C. Investments

Investments are carried at fair value using quoted market prices, with the following exceptions:

- Real estate is recorded at estimated fair value based upon periodic appraisals and valuations;
- Investments in limited partnerships and private fund investments are recorded at estimated fair value based on valuations of the underlying investments of the limited partnerships as reported by the general partner via capital account statements; and
- Funds of hedge funds are valued based upon net asset values provided by each Fund of Hedge Fund's third-party administrator.

Investment transactions are accounted for on the trade date.

Short-term investments refer to all investments with a maturity of less than one year, including short-term investment funds, repurchase agreements, commercial paper, certificates of deposit, treasury bills, and government agency issues.

Dividend income is recorded on the ex-dividend date. Interest income is accounted for using the accrual method of accounting.

### D. Cash and Cash Equivalents

Cash and cash equivalents consist of money market funds, cash and cash equivalents held by money managers, certificates of deposit, and demand deposits.

### E. Property and Equipment

FPPA has a \$5,000 capitalization threshold for tangible assets. The capitalization threshold for intangible assets, specifically internal use computer software, is \$100,000. Property and equipment are stated at cost, less any write-downs for impairment in value, and are depreciated/amortized using the straight-line method over estimated lives as follows:

Computer and office equipment.....	3 - 5 years
Vehicles .....	5 years
Furniture.....	10 years
Building and Improvements .....	5 - 30 years
Tenant Improvements .....	life of lease
Internal Use Computer Software .....	7 years

### F. Income Taxes

FPPA is exempt from federal income taxes under Section 501(c) (9) of the Internal Revenue Code.

## G. Member Transactions

Funds invested by members include payroll contributions made by member police officers and firefighters, contributions of affiliated employers on behalf of their police officers and firefighters, contributions from the State of Colorado, and contributions of plan assets by newly affiliated plans of formerly non-participating entities.

Funds withdrawn by members include benefit payments to members, refunds paid to terminated members, and withdrawals of deferred amounts.

## H. Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates. Actuarially determined future benefit payments require the use of significant estimates. FPPA believes that the techniques and assumptions used in establishing these estimates are appropriate.

## I. Reclassification of Prior Year Amounts

The financial statements include certain prior-year summarized comparative information in total but not at the level of detail required for a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with FPPA's financial statements for the year ended December 31, 2007, from which the summarized information was derived.

Certain amounts in prior-year financial statements have been reclassified to be consistent with the current year's presentation.

## J. Allocation

Expenses and investments are allocated to each Plan according to its proportionate share of total assets. In the current year, Plan administration costs are included in the Total Decrease in Plan Net Assets of the Fire & Police Members' Benefit Investment Fund.

# NOTE 3: CHANGE IN ACCOUNTING POLICY

---

## A. Investment Management Fees

For each year-end accounting period, FPPA estimates and accrues investment management fees that will be payable within the first quarter of the following year. As of December 31, 2008, FPPA no longer accrued investment management fees for its alternative investment funds due to the uncertainty and difficulty in estimating such fees. The practice of estimating and accruing investment management fees for public asset classes will continue. FPPA will transition to a policy of recognizing investment management fees for its alternative investment funds when they are verified through the receipt of capital account statements. During this transition period, FPPA estimated and recognized fourth quarter 2008 investment management fees for its alternative investment funds within the 2008 financial statements. These changes will affect year-by-year comparisons of such fees.

## B. Valuations of Private Fund Investments

Investments in limited partnerships and private fund investments are recorded at estimated fair value based on valuations of the underlying investments of the limited partnerships as reported by the general partner via capital account statements. Capital account statements are typically not received until approximately three months after a valuation date resulting in lagged valuations. Significant and abnormal market activity during fourth quarter 2008 resulted in anticipated material declines of private fund investments. As of December 31, 2008, FPPA will use available fourth quarter capital account statements and reasonable estimates to approximate material changes in year-end valuations of its private fund investments. The estimated changes in valuations applied to the 2008 financial statements were a negative \$60,595,067.

# NOTE 4: PLAN DESCRIPTIONS

---

## A. Affiliated Local Plans

### 1. Plan Description

This is an agent multiple-employer Public Employee Retirement System (PERS). There are 230 local plans affiliated with FPPA.

The Affiliated Local Plans represent the assets of numerous separate plans that have been pooled for investment purposes. The pension plans (volunteer and paid) represented in the Fire & Police Members' Benefit Investment Fund and the Fire & Police Members' Self-Directed Investment Fund (for Deferred Retirement Option Plan "DROP" assets only) have elected to affiliate with FPPA for plan administration and investment only. Each plan has a separate plan document and actuarial valuation and is governed by its own local pension board.

## 2. Contributions and Benefit Provisions

As each affiliated employer has its own plan, there is no uniform amount for either contributions or benefit provisions. The State of Colorado contributes to some of the Affiliated Local Plans as defined in the Colorado Revised Statutes.

## 3. Membership

These plans are for the benefit of two distinct groups: 1) fire and police employees of affiliated employers hired prior to April 8, 1978 (Old Hires) and 2) volunteer firefighters of affiliated plans. The memberships of these groups as of December 31, 2008, are as follows:

Deferred Retirement Option Plan (DROP) Participants -	
Active Old Hire	94
Retirees and Beneficiaries Currently Receiving Benefits	6,086
Terminated Vested Employees -	
Entitled To Benefits But Not Yet Receiving Them	274
Current Employees – Active Old Hire	60
Current Volunteers – Active	4,324
<b>Total Members</b>	<b>10,838</b>

## 4. Funded Status and Funding Progress

Actuarial studies are completed every other year for the Affiliated Local Plans. Each employer participating in the system is financially responsible for its own liabilities. Accordingly, the aggregate numbers presented are indicative only of the overall condition of the system and are not indicative of the status of any one employer. The funded status of the Affiliated Local Plans as of January 1, 2008, the most recent actuarial valuation date, is as follows:

Actuarial Accrued Actuarial Value of Assets (a)	Liability (AAL) – Entry Age (b)	Unfunded AAL (UAAL) (b-a)	Funded Ratio (a / b)	Covered Payroll (c)	UAAL as a Percentage of Covered Payroll ((b – a) / c)
\$1,859,987,228	\$2,064,576,138	\$204,588,910	90.1%	\$6,160,242	3,321.1%

The funded status of the Affiliated Local Plans continue to trend favorably due to better than anticipated investment experience. However, the widespread downturns in the financial markets in 2008 and the level of commitment the State of Colorado is able to maintain toward their required contribution for certain Affiliated Local Old Hire Plans may cause the funded status to trend unfavorably.

The schedules of funding progress, presented as required supplementary information (RSI) following the notes to the financial statements, present multiyear trend information about whether the actuarial values of plan assets are increasing or decreasing over time relative to the AALs for benefits.

Additional information as of the latest actuarial valuation follows:

Valuation Date .....	1/1/08
Actuarial Method .....	Entry Age Normal
Amortization Method .....	Various
Amortization Period .....	Various
Asset Valuation Method .....	3 Year Smoothed Fair Market Value
Actuarial Assumptions:	
Investment Rate of Return* .....	8.0%
Projected Salary Increases* .....	4.75% - 16.75%
Cost of Living Adjustment .....	0% - 4%
*Includes inflation at .....	3.5%

For financial reporting purposes, the projection of benefits for the Affiliated Local Plans does not explicitly incorporate the potential effects of the contractual limits on employer contributions, if applicable.

## 5. Significant Factors Affecting Trends in Actuarial Information

There were no significant factors affecting trends as of the January 1, 2008 actuarial valuation.

## B. Statewide Death & Disability Plan

### 1. Plan Description

The Plan is a multi-employer cost sharing defined benefit plan covering full-time employees of substantially all fire and police departments in Colorado. As of August 1, 2003, the Plan may include part-time police and fire employees. Contributions to the Plan are used solely for the payment of death and disability benefits. The Plan was established in 1980 pursuant to Colorado Revised Statutes and currently has 378 participating employer plans. Included in that number are 7 contributing employers as of December 31, 2008, who are covered by Social Security and have elected supplementary coverage by the Plan. The Plan assets are included in the Fire & Police Members' Benefit Investment Fund.

### 2. Contributions

Prior to 1997, the Plan was primarily funded by the State of Colorado, whose contributions were established by Colorado statute. In 1997 the State made a one-time contribution of \$39,000,000 to fund past and future service costs for all firefighters and police officers hired prior to January 1, 1997. No further State contributions are anticipated. Members hired on or after January 1, 1997, began contributing 2.4 percent of payroll to this Plan as of January 1, 1997. The contribution increased to 2.6 percent of payroll as of January 1, 2007. This percentage can vary depending on actuarial experience.

### 3. Benefits

Benefits are established by Colorado statute.

If a member dies prior to retirement while off-duty, the surviving spouse is entitled to a benefit equal to 40 percent of the member's monthly base salary with an additional 10 percent of base salary if a surviving spouse has two or more dependent children. If the member was single at the time of death, but had one or two dependent children, the children are entitled to a benefit equal to 40 percent of base salary. If there are three or more dependent children without a surviving spouse, the children receive an additional 10 percent. As of October 15, 2002, if a member dies prior to retirement while on-duty, the surviving spouse is entitled to a benefit equal to 70 percent of the member's monthly base salary regardless of the number of dependent children. If there is no surviving spouse but there are dependent children living in the member's household, the children are entitled to a benefit equal to 70 percent of the member's base salary. If there are dependent children without a surviving spouse, and they do not live in the household, the benefit is 40 percent for the first child and 15 percent for each additional child but not greater than the 70 percent total. Benefit eligibility continues until death of the spouse and death, marriage, or other termination of dependency of children.

A member who becomes disabled prior to retirement shall be eligible for disability benefits. If the member is totally disabled, the member shall receive 70 percent of base salary preceding disability. If the member is occupationally disabled and the disability is determined to be a permanent occupational disability, he/she shall receive 50 percent of base salary preceding disability regardless of family status. If the member is occupationally disabled and the disability is determined to be a temporary occupational disability, the member shall receive 40 percent of base salary preceding disability for up to five years regardless of his family status.

Total disability and permanent occupational disability benefits are reduced by the amount of certain other benefits received.

Benefits paid to occupationally disabled members and their survivors are evaluated and may be re-determined on October 1 of each year. Any increase in the level of benefits cannot exceed 3 percent for any one year. Totally disabled members and their beneficiaries receive an automatic cost-of-living-adjustment each year of 3 percent, effective October 1.

### 4. Membership

The participating employees (members) of the Plan as of December 31, 2008, are as follows:

Retirees and beneficiaries receiving benefits	784
Active non-vested members	11,189
<b>Total Members</b>	<b>11,973</b>

### 5. Funded Status and Funding Progress

The funded status of the Statewide Death & Disability Plan as of January 1, 2008, the most recent actuarial valuation date, is as follows:

Results Using The Aggregate Funding Method:

Actuarial Accrued Actuarial Value of Assets (a)	Liability (AAL) – Entry Age (b)	Unfunded AAL (UAAL) (b-a)	Funded Ratio (a / b)	Covered Payroll (c)	UAAL as a Percentage of Covered Payroll ((b - a) / c)
\$300,642,721	\$223,999,678	(\$76,643,043)	134.2%	\$679,223,009	(11.3%)

Since the Aggregate Funding Method presented in the previous chart does not identify or separately amortize unfunded actuarial liabilities, information about the Statewide Death & Disability Plan’s funded status and funding progress has been prepared using the Entry Age Funding Method for that purpose. The information presented below is intended to serve as a surrogate for the funded status and funding progress of the plan.

Results using the Entry Age Normal Funding Method:

Actuarial Accrued Actuarial Value of Assets (a)	Liability (AAL) – Entry Age (b)	Unfunded AAL (UAAL) (b-a)	Funded Ratio (a / b)	Covered Payroll (c)	UAAL as a Percentage of Covered Payroll ((b – a) / c)
\$300,642,721	\$182,814,659	(\$117,828,062)	164.5%	\$679,223,009	(17.3%)

The funded status of the Statewide Death & Disability Plan continues to trend favorably due to better than anticipated investment experience and better than anticipated incidence of disability. However, the future funded status will begin to trend less favorably based on the widespread downturns in the financial markets in 2008 without a recovery in the financial markets over the next couple of years.

The schedules of funding progress, presented as required supplementary information (RSI) following the notes to the financial statements, present multiyear trend information about whether the actuarial values of plan assets are increasing or decreasing over time relative to the AALs for benefits.

Additional information as of the latest actuarial valuation follows:

Valuation Date .....	1/1/08
Actuarial Method .....	Aggregate Funding(1)
Amortization Method .....	N/A
Amortization Period .....	N/A
Asset Valuation Method .....	3 Year Smoothed Fair Market Value
Actuarial Assumptions:	
Investment Rate of Return* .....	8.0%
Projected Salary Increases* .....	4.75% - 16.75%
Cost of Living Adjustment .....	0% - 3%
*Includes inflation at.....	3.5%

(1)The aggregate funding method does not identify or separately amortize unfunded actuarial liabilities.

For financial reporting purposes, the projection of benefits for the Statewide Death & Disability Plan does not explicitly incorporate the potential effects of the legal limit on employer contributions.

## 6. Significant Factors Affecting Trends in Actuarial Information

Based on a recent experience study, several assumptions were changed effective with the January 1, 2008 actuarial valuation which had a positive impact on the funding status. The most material changes were to the rates of termination and disability incidence. These changes led to a \$50 million gain in the actuarial accrued liability.

### C. Defined Benefit System – Statewide Defined Benefit Plan

#### 1. Plan Description

The Plan is a multi-employer cost sharing, defined benefit pension plan covering substantially all full-time employees of participating fire or police departments in Colorado hired on or after April 8, 1978 (New Hires), provided that they are not already covered by a statutorily exempt plan. As of August 1, 2003, the Plan may include clerical and other personnel from fire districts whose services are auxiliary to fire protection. The Plan became effective January 1, 1980 and currently has 198 participating employer plans.

Employers once had the option to elect to withdraw from the Plan, but a change in state statutes permitted no further withdrawals after January 1, 1988.

The Plan assets are included in the Fire & Police Members’ Benefit Investment Fund and the Fire & Police Members’ Self-Directed Investment Fund (for Deferred Retirement Option Plan “DROP” assets only).

## 2. Contributions

The Plan sets contribution rates at a level that enables all benefits to be fully funded at the retirement date of all members of the Statewide Defined Benefit Plan. At present state law requires employers and members to each contribute 8 percent of the members' base salary to the Plan. As of January 1, 2004, employers that affiliate with the Defined Benefit System and have members selecting the Statewide Defined Benefit Plan tier shall contribute a total of 20 percent. The employer specifies how much of the required rate of contribution is paid by the employer and how much by the member. However, the employer and member shall each contribute at least 8 percent. In addition, certain employers who are covered by Social Security have elected to receive supplementary coverage under the statewide plan. Effective January 1, 2007, members currently covered under Social Security were transferred into the new FPPA Supplemental Social Security Program. The new plan is designed to give half the benefit of the Statewide Defined Benefit Plan for half the cost. The employer and member each contribute 4 percent.

## 3. Benefits

On May 23, 1983, the Colorado Revised Statutes were amended to allow the Trustees of the Plan to change the retirement age on an annual basis, depending upon the results of the actuarial valuation and other circumstances. The amended statutes state that retirement age should not be less than age 55 or more than age 60. The Trustees subsequently elected to amend the retirement provisions, effective July 1, 1983, such that any member with at least 25 years of service may retire at any time after age 55 and shall be eligible for a normal retirement pension.

The annual normal pension is 2 percent of the average of the member's highest three years' base salary for each year of credited service up to ten years, plus 2.5 percent for each year of service thereafter. The benefit earned prior to January 1, 2007 for members of affiliated Social Security employers will be reduced by the amount of Social Security income payable to the member annually. Effective January 1, 2007, members currently covered under Social Security will receive half the benefit when compared to the Statewide Defined Benefit Plan. Benefits paid to retired members are evaluated and re-determined every October 1. The amount of any increase is based on the Board's discretion and can range from 0 to the higher of 3 percent or the CPI.

In addition, upon retirement a participant may receive additional benefits credited to the participant's "Separate Retirement Account" each year after January 1, 1988. These are attributable to contributions in excess of the actuarially determined pension cost and any earnings or losses thereon. Participants do not vest in amounts credited to their account until retirement, and the Plan may use such stabilization reserve amounts to reduce pension cost in the event such cost exceeds contributions. Effective August 1, 2008, the Separate Retirement Account contribution rate for members of the Statewide Defined Benefit Plan was set at 0 percent. For members who are subject to the 20 percent continuing rate of contribution, the SRA contribution rate was set at 3.68 percent.

A member is eligible for an early retirement at age 50 or after 30 years of service. The early retirement benefit equals the normal retirement benefit reduced on an actuarially equivalent basis. Upon termination, an employee may elect to have all contributions, along with 5 percent as interest, returned as a lump sum distribution. Alternatively, a member with at least five years of accredited service may leave contributions with the Plan and remain eligible for a retirement pension at age 55 equal to 2 percent of the member's average highest three years' base salary for each year of credited service up to ten years, plus 2.5 percent for each year of service thereafter.

## 4. Membership

The participating employees (members) of the Plan as of December 31, 2008, are as follows:

Retirees and beneficiaries receiving benefits	259
Terminated members entitled to benefits but not yet receiving such benefits	164
DROP Participants	95
Fully Vested	311
Partially Vested	2,918
Non-vested	2,300
<b>Total Members</b>	<b>6,047</b>

## 5. Funded Status and Funding Progress

The funded status of the Defined Benefit System - Statewide Defined Benefit Plan as of January 1, 2008, the most recent actuarial valuation date, is as follows:

### Actuarial Value of Assets

Actuarial Accrued Actuarial Value of Assets (a)	Liability (AAL) – Entry Age (b)	Unfunded AAL (UAAL) (b-a)	Funded Ratio (a / b)	Covered Payroll (c)	UAAL as a Percentage of Covered Payroll ((b – a) / c)
\$950,114,346	\$795,499,983	(\$154,614,363)	119.4%	\$312,857,166	(49.4%)

The funded status of the Defined Benefit System – Statewide Defined Benefit Plan continues to trend favorably due to better than anticipated investment experience. The future funded status will begin to trend less favorably based on the widespread downturns in the financial markets in 2008 without a significant recovery in the investment markets over the next couple of years.

The schedules of funding progress, presented as required supplementary information (RSI) following the notes to the financial statements, present multiyear trend information about whether the actuarial values of plan assets are increasing or decreasing over time relative to the AALs for benefits.

Additional information as of the latest actuarial valuation follows:

Valuation Date .....	1/1/08
Actuarial Method .....	Entry Age Normal
Amortization Method .....	Level % of Payroll, Open
Amortization Period .....	30 Years
Asset Valuation Method .....	3 Year Smoothed Fair Market Value
Actuarial Assumptions:	
Investment Rate of Return* .....	8.0%
Projected Salary Increases* .....	4.75% - 16.75%
Cost of Living Adjustment .....	0%
*Includes inflation at.....	3.5%

For financial reporting purposes, the projection of benefits for the Defined Benefit System – Statewide Defined Benefit Plan does not explicitly incorporate the potential effects of the legal limit on employer contributions.

## 6. Significant Factors Affecting Trends in Actuarial Information

Based on a recent experience study, several assumptions were changed effective with the January 1, 2008 actuarial valuation which had a negative impact on the funded status of the plan. These changes led to a \$43 million loss in the actuarial accrued liability.

### D. Defined Benefit System – Statewide Hybrid Plan

#### 1. Plan Description

The Plan was established January 1, 2004 as a multi-employer cost sharing pension plan covering full-time firefighters and police officers from departments that elect coverage. The Plan may also cover clerical staff or other fire district personnel whose services are auxiliary to fire protection. The Plan is comprised of two components: Defined Benefit and Money Purchase. With the latter component, employees have the option of choosing among various mutual funds offered by an outside investment manager. The Plan currently has 18 participating employer plans.

Employers may not withdraw from the Plan once elected. The Plan assets are included in the Fire & Police Members' Benefit Investment Fund and the Fire & Police Members' Self-Directed Investment Fund (for Deferred Retirement Option Plan "DROP" and the Statewide Hybrid Plan – Money Purchase Component assets).

#### 2. Contributions

The Plan sets contribution rates at a level that enables all benefits to be fully funded at the retirement date of all members. At present, both employers and members are required to contribute 8 percent of the members' salary to the Plan, pursuant to C.R.S. § 31-31-1102 (4) (a). Of that 16 percent, 11.0 percent currently (as of August 1, 2008) funds the Defined Benefit Component. If an employer has a higher mandatory contribution rate, the excess funds the Money Purchase Component of the Plan.

Within the Money Purchase Component, members are always fully vested in their own contributions, as well as the earnings on those contributions. Vesting in the employer's contributions within the Money Purchase Component, and earnings on those contributions, occurs according to the vesting schedule set by the plan document. Employer and member contributions are invested in funds at the discretion of members.

A member may elect to make voluntary after-tax contributions to the Money Purchase Component of the Plan.

### 3. Benefits

The Plan document states that any member may retire from further service and become eligible for a normal retirement pension at any time after age 55, if the member has at least 25 years of service.

The annual normal pension of the Defined Benefit Component is 1.5 percent of the average of the member's highest three years' base salary for each year of credited service. Benefits paid to retired members of the Defined Benefit Component are evaluated and re-determined annually on October 1. The amount of any increase is based on the Board's discretion and can range from 0 to 3 percent.

A member is eligible for early retirement at age 50 or after of 30 years of service. The early retirement benefit equals the normal retirement benefit reduced on an actuarially equivalent basis. Upon termination, a member may elect to have all contributions, along with 5 percent as interest, returned as a lump sum distribution from the Defined Benefit Component. Alternatively, a member with at least five years of accredited service may leave contributions with the Defined Benefit Component of the Plan and remain eligible for a retirement pension at age 55 equal to 1.5 percent of the average of the member's highest three years' base salary for each year of credited service. In addition, upon termination, the vested account balance within the Money Purchase Component becomes available to the member.

### 4. Membership

The participating employees (members) of the Plan – Defined Benefit Component and Money Purchase Only Component as of December 31, 2008, are as follows:

Defined Benefit Component:	
retirees and beneficiaries receiving benefits and terminated members entitled to benefits but not yet receiving such benefits	4
Money Purchase Component:	
retirees and beneficiaries receiving benefits and terminated members entitled to benefits but not yet receiving such benefits	150
DROP Participants	3
Fully Vested	215
Partially Vested	78
Non-vested	72
<b>Total Members</b>	<b>522</b>

### 5. Funded Status and Funding Progress

The funded status of the Defined Benefit System - Statewide Hybrid Plan Defined Benefit Component as of January 1, 2008, the most recent actuarial valuation date, is as follows:

#### Actuarial Value of Assets

Actuarial Accrued Actuarial Value of Assets (a)	Liability (AAL) – Entry Age (b)	Unfunded AAL (UAAL) (b-a)	Funded Ratio (a / b)	Covered Payroll (c)	UAAL as a Percentage of Covered Payroll ((b – a) / c)
\$14,075,984	\$9,774,906	(\$4,301,078)	144.0%	\$7,342,967	(58.6%)

The funded status of the Defined Benefit System – Statewide Hybrid Plan Defined Benefit Component continues to trend favorably due to better than anticipated investment experience. The future funded status will begin to trend less favorably based on the widespread downturns in the financial markets in 2008 without a significant recovery in the investment markets over the next couple of years.

The schedules of funding progress, presented as required supplementary information (RSI) following the notes to the financial statements, present multiyear trend information about whether the actuarial values of plan assets are increasing or decreasing over time relative to the AALs for benefits.

Additional information as of the latest actuarial valuation follows:

Valuation Date .....	1/1/08
Actuarial Method .....	Entry Age Normal
Amortization Method .....	Level % of Payroll, Open
Amortization Period .....	30 Years

Asset Valuation Method .....	3 Year Smoothed Fair Market Value
Actuarial Assumptions:	
Investment Rate of Return* .....	8.0%
Projected Salary Increases* .....	4.75% - 16.75%
Cost of Living Adjustment .....	0%
*Includes inflation at..... 3.5%	

For financial reporting purposes, the projection of benefits for the Defined Benefit System – Statewide Hybrid Plan Defined Benefit Component does not explicitly incorporate the potential effects of the legal limit on employer contributions.

## 6. Significant Factors Affecting Trends in Actuarial Information

Based on a recent experience study, several assumptions were changed effective with the January 1, 2008 actuarial valuation which had a negative impact on the funded status of the plan. These changes led to a \$0.3 million loss in the actuarial accrued liability.

### E. Defined Benefit System –Exempt Plans

#### 1. Plan Description

Two exempt plans joined the Defined Benefit System as of October 1, 2006. They are now one defined benefit plan, but with a fire component and a police component for fire and police employees hired by the City of Colorado Springs on or after April 8, 1978 but prior to October 1, 2006. The plans are closed to new members as of October 1, 2006.

Employers may not withdraw from the Plan once elected. The Plan assets are included in the Fire & Police Members' Benefit Investment Fund and the Fire & Police Members' Self-Directed Investment Fund (for Deferred Retirement Option Plan assets only).

#### 2. Contributions

The Plan sets contribution rates at a level that enables all benefits to be fully funded at the retirement date of all members within each exempt plan. At present, the exempt fire plan employer contribution is 8.228 percent of the members' salary and the member portion is 8.125 percent. Effective January 1, 2009, the exempt fire plan employer contribution is 9.225 percent of the members' salary and the member portion is 8.868 percent. For the exempt police plan, the employer contribution for 2008 was 8.864 percent of the members' salary and the member portion was 8.0 percent. Effective January 1, 2009, the employer contribution is 12.949 percent of the members' salary and the employee portion is 8.0 percent.

#### 3. Benefits

##### Police Component

The Plan document states that any member may retire and be eligible for a normal retirement pension at any time after age 50, if the member has at least 25 years of service.

The annual normal pension equals 2 percent of the member's final average salary (past 18 months) for each full year of credited service up to ten years plus 2.75 percent for each full year thereafter with a maximum benefit of 75 percent. Cost-of-living-adjustments begin on October 1 immediately before the retiree turns 60, or 10 years after benefits payment commence, whichever is earlier. The amount of the cost-of-living adjustment cannot exceed 3 percent per year subject to limitations linked to the consumer price index.

In addition, upon retirement a participant may receive additional benefits credited to the member's Separate Retirement Account. These are attributable to contributions in excess of the actuarially determined pension cost and any earnings or losses thereon. Participants do not vest in amounts credited to their account until retirement and the Plan may use such stabilization reserve amounts to reduce pension cost in the event such cost exceeds contributions. Effective January 1, 2008, the Separate Retirement Account contribution rate for members of the Police Component was set at 0 percent. This rate will remain the same for calendar year 2009.

A member is eligible for an early retirement benefit after completion of 20 years of service and attainment of age 45. The early retirement benefit is reduced by 7.5 percent for each year that the member is less than age 50.

Upon termination, a member may elect to have all contributions, along with 5 percent per annum, as interest, returned as a lump sum distribution. Alternatively, a member with at least 10 years of accredited service may leave contributions with the Plan and remain eligible for a retirement pension at age 50 equal to 2 percent of the member's final average salary (past 18 months) for each full year of credited service up to ten years plus 2.75 percent for each full year thereafter with a maximum benefit of 75 percent.

## Fire Component

The Plan document states that any member may retire and become eligible for a normal retirement pension at any time after age 55, if the member has at least 25 years of service.

The annual normal pension is 2 percent of the member's final average salary (past 18 months) for each full year of credited service up to ten years plus 2.85 percent for each full year thereafter with a maximum benefit of 77 percent. Cost-of-living-adjustments begin on October 1 immediately before the retired firefighter turns 65 or 10 years after benefits payment commence, whichever is earlier. The amount of the cost-of-living adjustment cannot exceed 3 percent per year subject to limitations linked to the consumer price index.

In addition, upon retirement a participant may receive additional benefits credited to the participant's Separate Retirement Account. These are attributable to contributions in excess of the actuarially determined pension cost and any earnings or losses thereon. Participants do not vest in amounts credited to their account until retirement and the Plan may use such stabilization reserve amounts to reduce pension cost in the event such cost exceeds contributions. Effective January 1, 2008, the Separate Retirement Account contribution rate for members of the Fire Component was set at 0 percent. This rate will remain the same for calendar year 2009.

A member is eligible for an early retirement benefit at age 50 and after completion of 20 years of service. The early retirement benefit is reduced by 4.615 percent for each year that the member is less than age 55.

Upon termination, a member may elect to have all contributions, along with 5 percent per annum, as interest, returned as a lump sum distribution. Alternatively, a member with at least 10 years of accredited service may leave contributions with the Plan and remain eligible for a retirement pension at age 55 equal to 2 percent of the member's final average salary (past 18 months) for each full year of credited service up to ten years plus 2.85 percent for each full year thereafter with a maximum benefit of 77 percent.

## 4. Membership

The participating employees (members) of the Plan as of December 31, 2008, are as follows:

Retirees and beneficiaries receiving benefits	130
Terminated members entitled to benefits but not yet receiving such benefits	22
DROP Participants	65
Fully Vested	57
Partially Vested	380
Non-vested	409
<b>Total Members</b>	<b>1,063</b>

## 5. Funded Status and Funding Progress

The funded status of the Defined Benefit System – Exempt Plans as of January 1, 2008, the most recent actuarial valuation date, is as follows:

	Actuarial Accrued Actuarial Value of Assets (a)	Liability (AAL) – Entry Age (b)	Unfunded AAL (UAAL) (b-a)	Funded Ratio (a / b)	Covered Payroll (c)	UAAL as a Percentage of Covered Payroll ((b - a) / c)
Police Component	\$178,548,095	\$188,263,199	\$9,715,104	94.8%	\$39,048,754	24.9%
Fire Component	\$104,946,386	\$107,389,381	\$2,442,995	97.7%	\$23,827,770	10.3%

The funded status of the Defined Benefit System – Exempt Plans continue to trend favorably due to better than anticipated investment experience. However, the future funded status will begin to trend less favorably based on the widespread downturns in the financial markets in 2008.

The schedules of funding progress, presented as required supplementary information (RSI) following the notes to the financial statements, present multiyear trend information about whether the actuarial values of plan assets are increasing or decreasing over time relative to the AALs for benefits.

Additional information as of the latest actuarial valuation follows:

Valuation Date .....	1/1/08
Actuarial Method .....	Entry Age Normal
Amortization Method .....	Level Dollar, Closed
Amortization Period .....	30 Years, beginning January 1, 2008
Asset Valuation Method .....	3 Year Smoothed Fair Market Value

**Actuarial Assumptions:**

Investment Rate of Return*	8.0%
Projected Salary Increases*	4.75% - 16.75%
Cost of Living Adjustment	3.0%

\*Includes inflation at..... 3.5%

For financial reporting purposes, the projection of benefits for the Defined Benefit System – Exempt Plans does not explicitly incorporate the potential effects of the legal limit on employer contributions.

## 6. Significant Factors Affecting Trends in Actuarial Information

Based on a recent experience study, several assumptions were changed effective with the January 1, 2008 actuarial valuations. These changes led to a \$2.6 million loss in the actuarial accrued liability and a decrease in the funded status for the Fire Component plan and an \$8.6 million loss in the actuarial accrued liability and a decrease in the funded status for the Police Component plan.

### F. Fire & Police Members' Money Purchase Plan

#### 1. Plan Description

The Plan is a multi-employer defined contribution (money purchase) pension fund covering full-time employees of participating fire or police departments in Colorado whose employers have elected to affiliate with FPPA for investment and administrative purposes.

The Fire & Police Members' Money Purchase Plan became effective on January 1, 1990. Participants can choose from various mutual funds offered by an outside money manager. As of July 31, 2008, there are no contributing employer plans in the program.

#### 2. Contributions and Vesting

Contributions to the Plan are calculated as a percentage of the member's base salary. The percentage is specified in each employer's individual plan document.

Employers may also allow members to make voluntary contributions, which are generally not matched by the employer. Members are always fully vested in their own contributions, and the earnings on those contributions. Vesting in the employer's contributions and earnings on those contributions occurs according to each individual plan's vesting schedule. Employer and member contributions are invested in funds at the discretion of members.

#### 3. Membership

As of July 31, 2008, there are no participating employees (members) in the Plan.

### G. Fire & Police Members' Statewide Money Purchase Plan

#### 1. Plan Description

The Plan is a multi-employer defined contribution (money purchase) pension fund covering full-time employees of participating fire or police districts in Colorado. As of August 1, 2003, the Plan may include part-time police and fire employees. The Plan may also include clerical or other personnel from fire departments whose services are auxiliary to fire protection.

The Fire & Police Members' Statewide Money Purchase Plan became effective on January 1, 1995. Participants can choose from various mutual funds offered by an outside money manager. There were 35 contributing employer plans as of December 31, 2008.

#### 2. Contributions and Vesting

Contributions to the Plan are calculated as a percentage of the member's base salary, which is specified by state statute. Current participants contribute 8 percent of salary, which is matched by the employer. Members are always fully vested in their own contributions, and the earnings on those contributions. Vesting in the employer's contributions and earnings on those contributions occurs according to the vesting schedule set by state statute. Employer and member contributions are invested in funds at the discretion of members.

#### 3. Membership

The participating employees (members) of the Plan as of December 31, 2008, are as follows:

Retirees and beneficiaries receiving benefits, and terminated members entitled to benefits but not yet receiving such benefits	37
Fully Vested	30
Partially Vested	51
Non-vested Vested	20
<b>Total Members</b>	<b>138</b>

## H. Self-Directed Assets for the Affiliated Local and Defined Benefit System Plans

### 1. Plan Description

Consists of the assets of plans where members control their account by choosing from various mutual fund options selected by the Board of Directors. The benefits in this group are in the defined benefit plans described above in Note 4.

The Deferred Retirement Option Plan ("DROP") assets which fund a supplemental benefit within the Local "Old Hire" and Defined Benefit System Plans are included in the Fire & Police Members' Self-Directed Investment Fund. In general, the DROP program allows a member to elect to participate in the supplemental benefit after reaching eligibility for normal retirement. A member can continue to work while participating in the DROP, but must terminate employment within 5 years of entry into the DROP. The member's percentage of retirement benefit is frozen at the time of entry into the DROP. The monthly payments that begin at entry into the DROP are accumulated until the member terminates service, at which time the DROP accumulated benefits can be paid as a lump sum, if desired.

Also included is the money purchase component for the Defined Benefit System – Statewide Hybrid Plan. The Plan is described above in Note 4, Section D.

### 2. Contributions and Vesting

Within the DROP programs, the member continues contributing at the rate described in each plan, which is credited to the DROP. The member is vested 100 percent in their DROP account.

The Defined Benefit System – Statewide Hybrid Plan contributions and vesting are described above in Note 4, Section D.

### 3. Membership

Membership is listed within the defined benefit plans described above in Note 4.

## NOTE 5: DEPOSITS AND INVESTMENTS

Under Colorado statutes, FPPA, as trustee of the Fire & Police Members' Benefit Investment Fund, has complete discretionary authority to invest and reinvest funds of the Fire & Police Members' Benefit Investment Fund, subject to the prudent investor rule.

FPPA has established a long-range statement of investment objectives and policies for managing and monitoring the Fire & Police Members' Benefit Investment Fund. The investment objective for the Fire & Police Members' Benefit Investment Fund is to balance and prudently manage the investment needs (risk and return) of all plans participating in the Fund

The investment policy also defines the fiduciaries' responsibilities with respect to the Fire & Police Members' Benefit Investment Fund, their investment authority under the prudent investor rule, the level of acceptable risk for investments, statutory asset allocation restrictions, investment performance objectives, and guidelines within which outside investment managers may operate.

### A. Cash Deposits

All non-investment related bank deposits are insured or collateralized with securities held by the pledging financial institution's trust department or by an agent in FPPA's name. The Operating Account at Wells Fargo Bank held a balance of \$6,531,504 as of December 31, 2008.

Investment-related cash that is received after the custodian bank's daily cutoff is invested in BNY Mellon Bank's Late Money Deposit Account. The Late Money Deposit Account is insured for amounts up to \$250,000 but is not collateralized. At December 31, 2008, the balance held in the Late Money Deposit Account was \$1,461,355.

### B. Investments

The investments reflected on the Statement of Plan Net Assets Available for Benefits at December 31, 2008 are summarized in the following table:

Cash	\$ 6,026,931
Investments	
Short Term Investments	117,228,104
U.S. Government Agency Obligations	356,246,922
Corporate Bonds	486,192,769
Domestic Equity Securities	1,077,811,269
International Equity Securities	393,550,948
International Fixed Income	12,734,410
Private Capital	265,100,261
Real Estate	187,428,340
Securities Lending Investment Pool	263,040,932
<b>Total Investments</b>	<b>\$3,159,333,955</b>
<b>Total Cash and Investments</b>	<b>\$3,165,360,886</b>

Investments are exposed to various risks including custodial credit risk, credit risk, interest rate risk, and foreign currency risk.

### 1. Custodial Credit Risk

FPPA has no formal policy for custodial credit risk for investments. Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, FPPA would not be able to recover the value of investment or collateral securities that are in possession of an outside party. Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in FPPA's name and are held by either a counterparty or the counterparty's trust department or agent but not in FPPA's name. Investment-related cash deposits are under the custody of The Bank of New York Mellon which has an AA- long-term senior debt credit rating by Standard & Poor's and an Aa2 rating by Moody's and an AA- rating by Fitch. As of December 31, 2008, FPPA had exposure to cash currency deposits in the amount of \$38,126,744 which would be exposed to custodial credit risk.

### 2. Concentration of Credit Risk

FPPA does not have any investments representing five percent or more of the Fire & Police Members' Benefit Investment Fund assets in any single issuer.

### 3. Credit Risk

Credit risk is the risk that an issuer of a debt instrument will not fulfill its obligations. Although FPPA does not have a specific policy relating to credit risk, through its Master Statement of Investment Policies and Objectives for the Fund, FPPA has established and monitors specific guidelines regarding the types, exposures and quality of securities within each fixed income portfolio.

The following table summarizes FPPA's fixed income securities credit quality ratings as of December 31, 2008:

Credit Quality Rating	Core Plus Portfolio		High Yield Portfolio	
	Fair Value	%	Fair Value	%
Aaa/AAA	\$187,801,505	29.34%		
Aa/AA	31,478,179	4.92%		
A	98,493,532	15.39%		
Baa/BBB	57,465,586	8.98%	\$3,067,841	8.63%
Ba/BB	26,454,306	4.13%	11,425,796	32.13%
B	15,230,808	2.38%	14,284,930	40.16%
Caa/CCC	3,802,180	0.59%	3,411,361	9.59%
Ca/CC	3,453,925	0.54%	27,410	0.08%
C	321,855	0.05%	64,085	0.18%
D	3,229,392	0.50%	768,139	2.16%
Not Rated	226,380	0.04%		
<b>Total Credit Risk Debt Securities</b>	<b>\$427,957,648</b>	<b>66.86%</b>	<b>\$33,049,562</b>	<b>92.93%</b>
U.S Government and Agency Securities	256,423,455	40.06%		
Total Fixed Income Securities	684,381,103	106.92%		
Cash & Pending Activity	(44,285,557)	(6.92%)	2,516,196	7.07%
<b>Total Fixed Income Investments</b>	<b>\$640,095,546</b>	<b>100%</b>	<b>\$35,565,758</b>	<b>100%</b>

#### 4. Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. FPPA utilizes effective duration as the primary measure of interest rate risk within its fixed income investments. Although FPPA does not have a specific policy relating to interest rate risk, through its Master Statement of Investment Policies and Objectives for the Fund, FPPA has established and monitors specific guidelines regarding the types, exposures and quality of securities within each fixed income portfolio.

The following table summarizes the effective duration of the FPPA's fixed income portfolios at December 31, 2008:

Security Type	Core Plus Portfolio		High Yield Portfolio	
	Fair Value	Effective Duration	Fair Value	Effective Duration
Asset Backed Securities	\$5,563,608	2.439		
Puts/Calls/Options	(179,338)	16.626		
Corporate Bonds	334,229,217	3.610	\$28,141,010	2.630
Fixed Income Swaps	(22,945,813)	19.562		
US Financial Futures	3,003,389	(0.567)		
Government & Agency	63,497,117	9.486		
Mortgages-Agency	174,468,975	3.243		
Mortgages- Non-Agency	25,222,137	4.436		
International Bonds	18,332,613	5.385		
Revenue Bonds	9,544,648	11.776		
TIPS	20,470,956	7.842		
Private Placements	36,895,165	2.907	4,908,551	2.640
Cash & Pending Activity	(28,007,131)	(0.055)	2,516,196	0.085
<b>Total</b>	<b>\$640,095,543</b>	<b>3.350</b>	<b>\$35,565,757</b>	<b>2.451</b>

#### 5. Foreign Currency Risk

Foreign currency risk is the risk that changes in foreign exchange rates will adversely affect the fair value of an investment. FPPA's exposure to foreign currency risk derives primarily from its allocations to non-U.S. dollar denominated international equity. Other sources of foreign currency risk are derived from fixed income and alternative investments. Although FPPA does not have a specific policy relating to foreign currency risk, through its Master Statement of Investment Policies and Objectives for the Fund, FPPA has established and monitors specific guidelines regarding the types, exposures and quality of securities within each investment portfolio.

The fair value of FPPA's exposure to foreign currency risk at December 31, 2008 is summarized in the following table:

Currency:	Cash	Equities	Fixed Income	Futures	Private Equity	Total
Australian Dollar	1,628,488	9,204,107		64,142		10,896,737
Brazilian Real	158	3,367,006				3,367,164
Canadian Dollar	7,297,734	16,973,043		65,704	4,750,399	29,086,880
Chinese Yuan		2,660,300				2,660,300
Swiss Franc	4,057,766	25,719,806				29,777,572
Danish Kroner	55,359	3,038,995				3,094,354
Euro Currency	10,166,390	140,393,713	4,276,747	-23,873	33,059,017	187,871,994

### C. Securities Lending

Colorado statute allows FPPA to participate in securities lending transactions. FPPA has, via a Securities Lending Authorization Agreement, authorized BNY Mellon Bank to lend the securities it holds as custodian to broker-dealers and banks.

During the year ended December 31, 2008, FPPA received as collateral U.S. and foreign dollar cash, U.S. government securities, foreign sovereign debt and irrevocable bank letters of credit. FPPA did not have the ability to pledge or sell collateral securities without a borrower default. Borrowers were required to deliver collateral for each loan in amounts equal to 102 percent of the market value of the loaned securities with respect to U.S. securities and 105 percent of the market value of loaned securities with respect to foreign securities. FPPA did not impose any restrictions on the amounts of loans that BNY Mellon Bank made on its behalf. During the fiscal year, FPPA and borrowers maintained the right to terminate all securities lending transactions on demand. The cash collateral received on each loan was invested, together with the cash collateral of other qualified tax-exempt plan lenders.

As of December 31, 2008, FPPA had no credit exposure to the collateral held within the securities program because the market value of the collateral exceeded the market value of the securities amount borrowed. The agreement with FPPA's lending agent provides that the lending agent will indemnify FPPA if loaned securities are not returned and FPPA suffers direct losses due to a borrower's default or the lending agent's non-compliance with the contract. FPPA will have credit exposure with respect to investments in debt instruments as part of the securities lending investment pool.

As of December 31, 2008, FPPA recognized an unrealized loss of \$4,577,168 related to securities of Lehman Brothers held in the securities lending investment pool. These assets have been segregated into a distinct liquidating trust.

FPPA records its share of lending fees as an expense with a corresponding effect of recognizing security lending income earned.

The following table presents the fair value of the underlying securities and the fair value of the collateral pledged at December 31, 2008:

Securities Lent	Fair Value	Cash Received Value
<i>Lent for Cash Collateral:</i>		
U.S. Government and Agency Securities	\$17,023,416	\$17,367,341
Corporate Bonds	41,899,725	42,962,129
Domestic Stocks	106,124,431	110,794,619
International Stocks	86,737,124	91,916,844
<i>Lent for Securities Collateral:</i>		
U.S. Government and Agency Securities	320,067	335,374
<b>Total</b>	<b>\$252,104,763</b>	<b>\$263,376,307</b>

### D. Interest Income

The Statement of Changes in Plan Assets Available for Pension Benefits for the Total Members' Benefit Investment Fund reflects negative interest investment income of \$23,378,612 for the year 2008. This amount includes payments in the amount of \$53,675,309 to settle exposure in total return swap agreements and other derivative instruments used to replicate exposure to an equity index which declined significantly during the year. Given the structure of these instruments, these amounts are properly classified as negative interest investment income, but they should be more practically viewed as realized losses.

## NOTE 6: IRC 457 DEFERRED COMPENSATION PLAN

The IRC 457 Deferred Compensation Plan, created under Internal Revenue Code Section 457, collects amounts deferred by participants of affiliated plans and employees of FPPA. The assets are held in trust for the exclusive benefit of participants. Plan participation is voluntary and contributions are separate from the defined benefit or money purchase contributions made to FPPA.

All contributions are invested in the Fire & Police Members' Self-Directed Investment Fund. This plan allows employees to defer a portion of their salary until future years. Participants in the plan are allowed to transfer account balances among 22 investment funds, or change the contribution percentages designated to each fund on a daily basis. The 22 investment funds are: Fidelity Freedom 2000 Fund, Fidelity Freedom 2005 Fund, Fidelity Freedom 2010 Fund, Fidelity Freedom 2015 Fund, Fidelity Freedom 2020 Fund, Fidelity Freedom 2025 Fund, Fidelity Freedom 2030 Fund, Fidelity Freedom 2035 Fund, Fidelity Freedom 2040 Fund, Fidelity Freedom Income Fund, Fidelity Retirement Government Money Market Portfolio, Managed Income Portfolio, Fidelity U.S. Bond Index Fund, PIMCO Total Return Fund - Institutional Class, American Beacon Large Cap Value Fund - Plan Ahead Class, Spartan Total Market Index Fund - Investor Class, Spartan U.S. Equity Index Fund - Investor Class, Fidelity Growth Company Fund, Perkins Mid Cap Value Fund, Artisan Mid Cap Fund - Investor Class, Dreyfus Boston Company Small Cap Value Fund, and Fidelity Diversified International Fund. The deferred compensation and associated appreciation in the fair value of the assets held are not

available to employees until termination, retirement, death, or an unforeseen emergency. As of December 31, 2008, there were 2,015 participants with account balances within the plan.

In 2008, participants could contribute \$15,500 into the plan. Catch-up contributions up to \$5,000 in 2008 were allowed for participants who had attained age 50 before the close of the plan year. As an alternative to the age 50+ catch-up provisions, participants could defer up to twice the contribution limit in a given year for the three years prior to normal retirement age if the maximum contributions have not been made previously. If the “double limit” or Enhanced Contribution Limit is used, the participant cannot use the age 50+ catch-up provision with the same year. A participant may trigger the Enhanced Contribution Limit by electing a normal retirement age. “Normal Retirement Age” means age 70½ or some other earlier age specified in writing by the participant. In no event shall normal retirement age be earlier than the earliest date at which one may retire under the employer’s basic pension plan without the employer’s consent and receive immediate retirement benefits, without incurring an actuarial or similar reduction in benefits. The Enhanced Contribution Limit is available to a participant only during one three-year period. If a participant uses the Enhanced Contribution Limit and then postpones normal retirement age or returns to work after retiring, the limitation shall not be available again before a subsequent retirement.

In response to the 1996 Small Business Protection Act, the Governmental Accounting Standards Board issued Statement No. 32, Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans. This statement requires that amounts deferred under a qualified Section 457 plan be held in trust for the exclusive benefit of participating employees, and not be accessible by the sponsoring government or its general creditors.

In response to this statement, FPPA has modified its trust agreement with respective affiliates to place this plan’s activity within the Fire & Police Members’ Self-Directed Investment Fund for the purposes of financial statement presentation. Fund balance reserved for withdrawals at December 31, 2008 is \$37,046,361.

## NOTE 7: PROPERTY AND EQUIPMENT

Property and equipment at December 31, 2008, is comprised of the following:

General Assets	Balance 12/31/07	Additions	Deletions	Balance 12/31/08
<i>Nondepreciable Assets:</i>				
Land	\$ 1,937,742			\$ 1,937,742
<i>Depreciable Assets:</i>				
Building & Improvements	1,413,873			1,413,873
Tenant Finish	251,309	\$ 43,850		295,159
Equipment	826,103	16,201	(1,473)	840,831
Work in Progress (Depreciation will begin during 2009)	1,942,544	1,381,263		3,323,807
<b>Totals at Historical Cost</b>	<b>\$ 6,371,571</b>	<b>\$ 1,441,314</b>	<b>(\$1,473)</b>	<b>\$ 7,811,412</b>
<i>Less Accumulated</i>				
<i>Depreciation for:</i>				
Building & Improvements and				
Tenant Finish	(1,104,462)	(87,164)		(1,191,626)
Equipment	(774,248)	(36,993)	1,473	(809,768)
<b>Total Accumulated Depreciation</b>	<b>(1,878,710)</b>	<b>(124,157)</b>	<b>1,473</b>	<b>(2,001,394)</b>
<b>Total Net Assets</b>	<b>\$ 4,492,861</b>	<b>\$ 1,317,157</b>	<b>\$0</b>	<b>\$ 5,810,018</b>

Land, Building, and Improvements are held as an operating asset and not held within the Fire & Police Members’ Benefit Investment Fund. Depreciation Expense for 2008 totaled \$124,157.

## NOTE 8: RISK MANAGEMENT

FPPA is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. It carries commercial coverage of these risks of loss. Claims have not exceeded coverage in any of the last three fiscal years.

## NOTE 9: EMPLOYEE RETIREMENT PLAN

### A. Plan Description

FPPA contributes to the State Division Trust Fund (SDTF) a cost-sharing multiple-employer defined benefit pension plan administered by the Public Employees' Retirement Association of Colorado (PERA). SDTF provides retirement and disability, annual increases, and death benefits for members or their beneficiaries. All employees of FPPA are members of SDTF. Title 24, Article 51 of the Colorado Revised Statutes (CRS), as amended, authorizes the Colorado Legislature to establish benefit provisions. PERA issues a publicly available annual financial report that includes financial statements and required supplementary information for SDTF. That report may be obtained by writing to PERA of Colorado, 1300 Logan Street, Denver, Colorado 80203 or by calling PERA's InfoLine at 1-800-759-PERA, or 303-837-6250 within the Denver metro area.

### B. Basis of Accounting for the SDTF

The financial statements of the SDTF are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan. SDTF plan investments are presented at fair value except for short-term investments, which are recorded at cost and approximate fair value.

### C. Funding Policy

Plan members and FPPA are required to contribute at a rate set by statute. The contribution requirements of plan members and FPPA are established under Title 24, Article 51, Part 4 of the CRS, as amended. Members contribute 8.0 percent of covered salary and FPPA contributes 12.05 percent of covered salary. A portion of FPPA's contribution is allocated for the Health Care Fund. FPPA's contributions to SDTF for the years ending December 31, 2008, 2007, and 2006 were \$298,572, \$231,999, and \$205,303, respectively, equal to the required contributions for each year.

## NOTE 10: OTHER POST EMPLOYMENT BENEFITS

### A. Plan Description

FPPA administers a single-employer defined benefit healthcare plan ("FPPA Staff Healthcare Subsidy Plan"). The plan provides a healthcare premium subsidy to all full time employees who leave FPPA and have completed at least ten years of service with the FPPA. Currently, 16 employees meet those eligibility requirements.

### B. Benefit provisions

FPPA provides a health care premium subsidy to eligible retirees. The subsidy period is limited to the number of years actually worked at FPPA and further limited to the maximum subsidy paid by the Public Employees Retirement Association of Colorado (PERA). The subsidy is \$11.50 per month for each year of PERA covered service with a maximum of 20 years. This amount decreases to \$5.75 per month for each year of PERA covered service when the beneficiary becomes Medicare eligible. Currently, the maximum subsidy paid by PERA is \$230 per month pre-Medicare and \$115 per month Medicare-covered. The PERA subsidy can be increased by an act of the Colorado General Assembly. The retiree health plan does not issue a publicly available financial report.

### C. Funding Policy

FPPA does not have a specific funding policy for the FPPA Staff Healthcare Subsidy Plan. For 2008, FPPA contributed two times the annual cost of projected 2009 health care premium subsidies for eligible retired plan members, which totaled \$12,425. FPPA applies alternative measurement methods instead of obtaining actuarial valuations. FPPA has provided contributions to the Plan in excess of the annual Other Post Employment Benefits (OPEB) cost, and therefore the Net OPEB obligation is zero.

## NOTE 11: DEFINED CONTRIBUTION PENSION PLAN

### A. Plan Description

The SDTF members of FPPA may contribute to the Voluntary Investment Program (VIP), an Internal Revenue Code Section 401(k) defined contribution plan administered by PERA. Plan participation is optional, and contributions are separate from others made to PERA. Title 24, Article 51, Part 14 of the CRS, as amended, authorizes the Colorado Legislature to establish VIP provisions.

The VIP is funded by member contributions. The maximum contribution level is set by the Internal Revenue Service and changes annually. No employer contributions are required. The VIP member contributions from FPPA employees for the year ended December 31, 2008 was \$80,812.

## NOTE 12: FINANCIAL OBLIGATIONS WITH OFF BALANCE SHEET RISK

### A. Forward Foreign Exchange Contracts

FPPA through its various money managers has entered into forward foreign exchange contracts to hedge against changes in currency prices relative to the U. S. dollar. FPPA's investment policies permit such contracts subject to a limit of 50 percent of the portfolio's market value.

Forward foreign exchange contracts are a contractual obligation between two parties to pay or receive specific amounts of foreign currency at a future date in exchange for another currency at an agreed-upon exchange rate. Forward commitments are not standardized and carry counterparty risk. Forwards are usually transacted over the counter (OTC) with the foreign exchange department of a bank located in a major money market.

Recognition of realized gain or loss depends on whether the currency exchange rate has moved favorably or unfavorably to the contract holder upon termination of the contract.

### B. Equity Index Futures

FPPA through its various managers has invested in equity index futures. These future positions are used solely to provide liquidity and market exposure. FPPA's investment policies permit such contracts subject to the following conditions: a) All long and short positions must be covered; b) Sufficient cash shall be maintained to cover all margin requirements; c) Leverage will not be permitted; d) Counterparties must have and maintain a minimum credit rating of "a"; e) Index futures exposure shall not exceed 25 percent of the total portfolio market value.

FPPA utilizes an Exposure Manager to temporarily rebalance the portfolio via the use of derivatives contracts, primarily index futures. Derivatives contracts can be used to approximate the benchmarks of underlying managers or asset classes. An Exposure Manager may also be utilized to create equity exposure up to the amounts of cash held within the accounts of FPPA's domestic and international equity managers.

### C. Financial Futures, Options

FPPA, through its various money managers, has entered into exchange traded financial futures. The purpose of these contracts is for hedging, as an alternative to investments in the cash market and as an additional yield curve management strategy. These futures included U.S. agency, bond and treasury futures and options. In addition, contracts include Eurodollar and interest rate swap futures. Money managers may also invest in forward contracts. These transactions relate to a forward commitment strategy in cash equivalents or short duration securities with an effective duration of one year or less.

## NOTE 13: COMMITMENTS AND CONTINGENCIES

FPPA is involved in various claims and legal actions arising in the ordinary course of business. In the opinion of FPPA's legal counsel, the ultimate resolution of these matters will not have a material adverse effect on the financial condition of the Fire & Police Members' Benefit Investment Fund. FPPA has invested in certain limited partnerships and private fund investments. As part of these investments, FPPA has agreed to contribute additional funds at various times. At December 31, 2008, FPPA had committed approximately \$289.4 million in additional funds to these investments.

Effective June 30, 2008, FPPA terminated an investment in Fairfield Greenwich, a hedge fund-of-funds, receiving full proceeds for the value of the investment at that time (\$57.7 million). At the time of termination, the fund-of-funds investment vehicle had an approximate 8.8% exposure to Fairfield Sentry, an underlying fund managed by Bernard Madoff Investment Securities (BMIS). Therefore, FPPA did not have any direct investment exposure to BMIS. Recently, prosecutors and regulators have alleged that BMIS made fraudulent investments. FPPA continues to monitor the circumstances of this event.

## NOTE 14: SUBSEQUENT EVENTS

Through February 28, 2009, global markets continued to weaken with stock indexes declining approximately 18 percent and fixed income indexes declining 1 percent for the first two months of the year. FPPA's investment exposure to these markets experienced similar declines.

## Schedule of Funding Progress (unaudited)

Year	Actuarial Valuation Date	Actuarial Value of Assets	Actuarial Accrued Liability	Unfunded (Surplus) Actuarial Accrued Liability	Funded Ratio	Covered Payroll	Unfunded (Surplus) Actuarial Accrued Liability as a % of Covered Payroll
<b>Defined Benefit System – Statewide Defined Benefit Plan</b>							
2008	1/1/08	\$950,114,346	\$795,499,983	\$(154,614,363)	119.4%	\$312,857,166	(49.4%)
2007	1/1/07	801,426,848	654,097,657	(147,329,191)	122.5%	271,906,902	(54.2%)

\*\* This plan is valued under the Aggregate Funding Method, where the Actuarial Accrued Liability is set equal to the assets, resulting in no Unfunded Actuarial Accrued Liability and a Funded Ratio of 100%. The Actuarial Accrued Liability reported here is the Present Value of Projected Benefits, less the Present Value of Projected Member Contributions.

## Schedule of Employer & State Contributions (unaudited)

### A. Statewide Death and Disability Plan

**Employer Contributions:**

Year Ended 12/31	Annual Required Contribution	Percentage Contribution
2008	0%	100%
2007	0%	100
2006	0%	100
2005	0%	100
2004	0%	100
2003	0%	100
2002	0%	100
2001	0%	100
2000	0%	100
1999	0%	100%

### B. Defined Benefit System - Statewide Defined Benefit Plan

**Employer Contributions:**

Year Ended 12/31	Annual Required Contribution	Percentage Contribution
2008	8.00%	100%
2007	8.00%	100
2006	8.00%	100
2005	8.00%	100
2004	8.00%	100
2003	8.00%	100
2002	8.00%	100
2001	8.00%	100
2000	8.00%	100
1999	8.00%	100%

### C. Defined Benefit System – Statewide Hybrid Plan Defined Benefit Component

The first actuarial valuation completed on the Defined Benefit System – Statewide Hybrid Plan was in 2005.

**Employer Contributions:**

Year Ended 12/31	Annual Required Contribution	Percentage Contribution
2008	8.00%	100%
2007	8.00%	100
2006	8.00%	100
2005	8.00%	100%

## D. Defined Benefit System – Exempt Plans

The first actuarial valuation on the Defined Benefit System Exempt Plans will occur in 2007.

### *Employer Contributions:*

Year Ended 12/31	Police Component Annual Required Contribution Rate	Fire Component Annual Required Contribution Rate	Percentage Contribution
2008	8.864%	8.228%	100%
2007	8.000%	8.169%	100%
2006	N/A	N/A	N/A

## E. Affiliated Local Plans

### *Employer Contributions:*

Year Ended 12/31	Annual Required Contribution	Percentage Contribution
2008	\$ 39,316,014	100%
2007	77,438,443	100

This section of the  
comprehensive  
annual financial report  
has been prepared by  
the Investment Division  
of the Fire & Police Pension  
Association of Colorado.

*Scott Simon, Chief Investment Officer*

The mission of the Fire and Police Pension Association – to provide for the retirement needs of police officers and firefighters throughout the State of Colorado – is facilitated by the management of various fund investment portfolios, which totaled \$2.608 billion in market value as of December 31, 2008. Specifically, the Association is responsible for administering two separate funds: the Fire & Police Members' Benefit Investment Fund (\$2.457 billion) and the Fire & Police Members' Self-Directed Investment Fund (\$151 million).

The Fire & Police Members' Benefit Investment Fund includes the assets of various defined benefit plans designed to provide participants with a specified benefit after retirement, which is calculated as a percentage of the participant's salary. In contrast, The Fire & Police Members' Self-Directed Investment Fund includes the assets of various defined contribution plans and self-directed DROP plan assets. In these plans, members direct the investment of their contributions among various investment options. The amount received at retirement depends on the performance, over time, of those options chosen. The Fire & Police Members' Self-Directed Investment Fund also includes the assets of IRC 457 deferred compensation plans which permit employees of FPPA and participating fire and police departments to defer a portion of their salaries to future years. Participants direct the investment of their contributions among various investment options.

The Members of the Association's Board of Directors serve as the fiduciaries for the Funds and are responsible for the investment of the Funds, or the selection of investment options available to defined contribution, deferred compensation and self-directed DROP plan members. As fiduciaries, the FPPA Board Members are required to discharge their duties solely in the interest of fund participants and beneficiaries. The Board has established investment policies and allocates assets, or selects investment options, based upon member characteristics, plan provisions, and the financial requirements of the Funds, in addition to considering the risk/reward trade-offs of various investments.

The Association has established long range statements of investment objectives and policies for managing and monitoring the Funds. The investment policies establish investment objectives and define the responsibilities of the fiduciaries with respect to the Funds, their investment authority under Colorado law, the level of acceptable risk for investments, asset allocation targets, investment performance objectives, and guidelines within which outside investment managers must operate.

The assets in the Fire & Police Members' Benefit Investment Fund are managed primarily by professional investment management firms. Similarly, investment options offered to defined contribution and deferred compensation plan members are typically pooled investment vehicles managed by professional money managers.

The Association's investment staff coordinates and monitors the investments and fund options, and assists the Board of Directors in the formulation and implementation of investment policies and long-term investment strategies. The investment staff is also responsible for the contents of this section of the annual report. To the extent applicable, investment managers are required to report results in conformance with standards developed by the CFA Institute (CFI). FPPA utilizes its custodian bank to independently calculate investment returns based upon market values and cash flows reported by the custodian bank.

## Fire & Police Members' Benefit Investment Fund

### Summary of Investment Objectives

The Board, in developing investment objectives, asset allocation, and investment guidelines, recognizes that the Fire & Police Members' Benefit Investment Fund ("the Fund") includes the assets of over 200 different benefit plans, all having a different funded status. To manage these assets effectively and prudently, the Board has, in its planning process, considered, and will continue to consider, all of the plans' liabilities, both present and projected.

The investment objectives of the Board represent desired results and are long-term in nature. Given assumptions about current and projected capital market conditions, a real rate of return objective for plan assets has been set. This objective may be modified based on changes in plan conditions or the nature of the capital markets.

The overall objective of the Fund is to balance and prudently manage the investment needs (risks and return) of all plans participating in the Fund, including the need to eliminate current unfunded liabilities and/or to protect surpluses, if possible. This objective is expected to be achieved over time and within any applicable statutory limits.

The Board has established the following average annual real rate of return objectives for each asset class in which the Fund is invested: Large Cap. Domestic Equities 6%, Small Cap. Domestic Equities 7.5%, Core Domestic Fixed Income 3%, High Yield Domestic Fixed Income 6%, International Equities 6%, Real Estate 5%, and Alternative Investments (Private Equity) 12%.

FPPA's investment objectives and policies are reviewed at least annually. Return targets are expected to be achieved "over time," meaning over successive 3-5 year periods. Further, the Board expects the objectives to be fulfilled within levels of risk that a prudent investor, as defined by statute, would take under similar conditions. Additionally, the Board expects the actuarial soundness of the plans participating in the Fund, as it relates to the achievement of the actuarial interest rate, will not be jeopardized.

Each professional investment management firm retained by the Board to manage a separate account must execute an Investment Manager Agreement, the form and substance of which is mutually agreed upon. Each of these firms must also agree, in writing, to abide by the policies and guidelines of the Association’s investment policy and any additional instructions specific to that particular investment firm.

Investment management firms may be allowed sole discretion with respect to investment decision making, subject at all times to the standards and limitations set forth in CRS 31-31-302 and CRS 15-1.1-101, et seq. Each management firm must assume the responsibility of continued compliance with any changes in legislation approved in the State of Colorado that may impact the management of the Fund.

Cash held by an investment manager is invested on a daily basis in the custodian bank’s short-term investment fund. In addition, unless agreed to between the Board and the manager, equity managers should hold no more than 10% of FPPA’s accounts in cash or cash equivalents. Securities that are assets of the Fund may not be utilized in securities lending programs without prior approval of the Board.

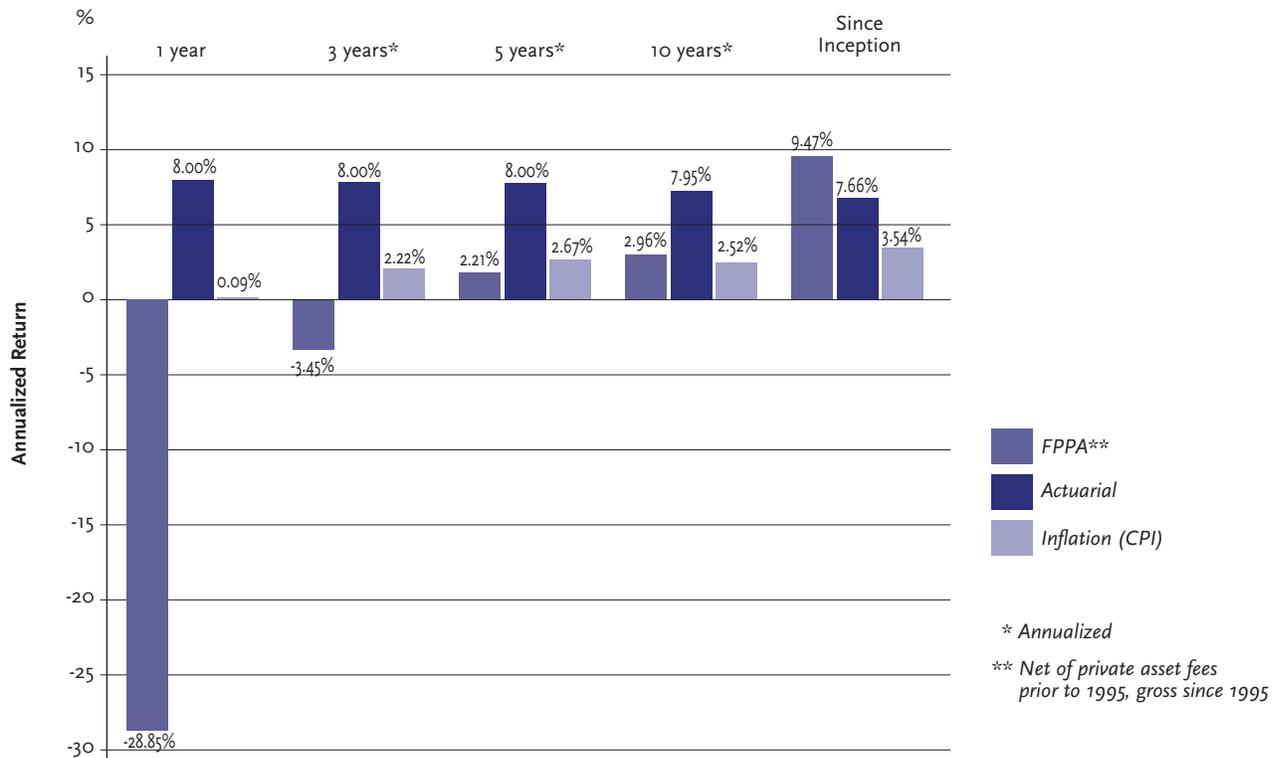

It is the philosophy of the Board that the investment managers, the Board, the Chief Investment Officer, the Chief Executive Officer and the consultant retained by the Board, shall engage in an active partnership to focus on the long-term objectives and goals of the Fund. Therefore, periodic review meetings are held to evaluate the managers’ progress as it relates to achievement of long-term policies. Performance evaluations are constructed to provide a uniform and consistent basis for the evaluation of each manager as well as the total fund. The total fund results, as well as those of each manager, will be evaluated against several benchmarks including, but not limited to: the achievement of the real rate of return objective, comparison against the performance of peers, and evaluation against indices. Each manager is evaluated on an on-going basis with evaluations conducted for the most meaningful periods of time within the year, one-year, three-year, and five-year periods ending with the most recent quarter.

### Asset Allocation

Asset allocation is a risk management process designed to determine an optimal long-term asset mix, which achieves a specific set of investment objectives. Of all the components of investment policies formulated by the FPPA Board of Directors, asset allocation will have the most impact on the long-term total rate of return. Therefore, the establishment of allocations across the major asset classes is a significant decision in the pension investment management process.

Diversification is the key to effective risk management. Management of asset class allocations and diversification of investment approaches (i.e., index funds, active core, active specialty) enables the Association to more effectively control the Fund’s risk/reward parameters. The fund’s assets are diversified in order to minimize the impact of large losses in individual investments in the total fund. The Board believes that diversification is, in part, accomplished through the selection of investment managers. The Board therefore stresses to each investment management firm that it not act as if it were the sole manager of the Fund.

## Members Benefit Investment Fund Return vs. Inflation and Actuarial Requirements (Inception–2008)

The Board's policy is to have an asset allocation study performed approximately every two years. The purpose of this study is to provide additional information regarding the rates of return by asset class, correlation coefficients between asset classes, and to provide a source of information for the Board to utilize in determining asset allocation ranges.

The Board is conscious of the need to evaluate the risk in the investment program and uses several gauges to monitor risk. They include, but are not limited to, variation in the asset mix from the policy, variability of returns, relative performance results, diversification measures, financial characteristics of the portfolio, and portfolio sensitivity to changes in the market. These measures are applied to the total fund, as well as individual managers, as appropriate.

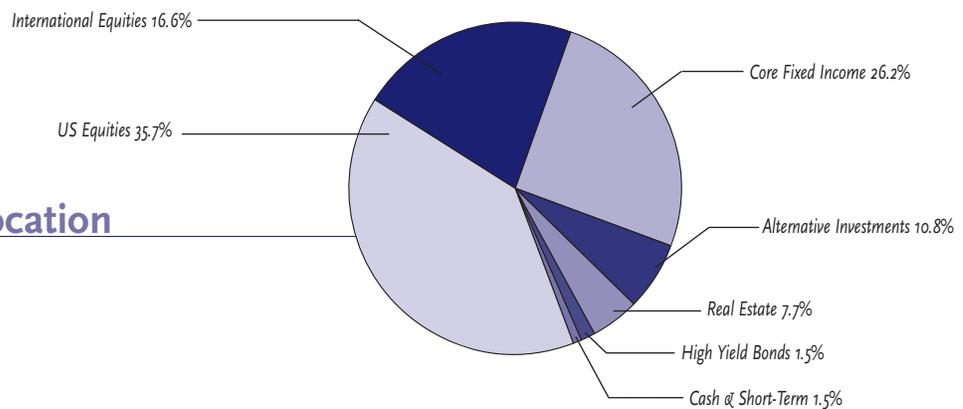

The asset class allocation strategy developed by the Board during 2005 has the following target allocations: U.S. equities 38%, international equities 20%, domestic core plus bonds 25%, domestic high yield bonds 1%, real estate 6%, cash and short-term investments 1%, and alternative investments (private equity) 9%.

The Association has established relationships with investment management firms with a diversity of management approaches. The managers have discretionary authority in the selection and retention of individual investments, subject to state statutory restrictions and the Association's investment policy guidelines.

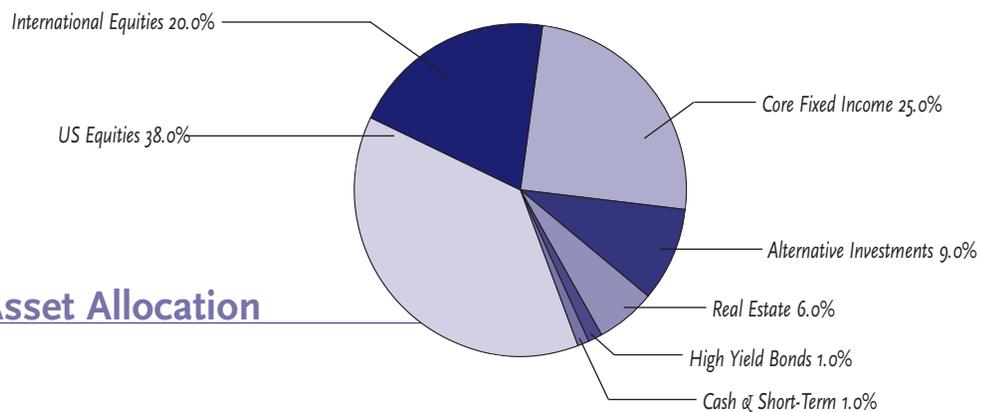

In 2004, FPPA instituted a Portable Alpha Overlay Strategy within the domestic equity allocation to enhance returns over the domestic equity benchmark. The Portable Alpha Overlay Strategy utilizes funds of hedge funds in combination with derivative exposure to the Russell 1000 Index. Hedge funds, typically unregulated investment vehicles (similar to private equity), employ unique investment strategies and expertise not available to more traditional asset managers. Funds of hedge funds are pools of individual hedge funds that produce returns that are largely uncorrelated to the returns of traditional asset classes. By allocating a portion of fund assets to the Portable Alpha Overlay Strategy, the Association is able to access these unique strategies, while seeking to maximize returns in a risk-controlled manner.

For the Fire & Police Members' Benefit Investment Fund, as of December 31, 2008, the Association employed the external investment managers listed in the table on page 72-73.

### 2008 Asset Allocation

### 2008 Target Asset Allocation

# Fire & Police Members' Self-Directed Investment Fund

## Summary of the Fund's Objectives

The Fire & Police Members' Self-Directed Investment Fund ("the Fund"), includes the assets of the Statewide Money Purchase Plan, affiliated local money purchase plans, self-directed DROP plans and IRC 457 deferred compensation plans ("the plans"). Members of the plans direct their contributions to one or more of the investment options selected by the Board.

It is the Board's intent to select well managed funds, across diversified asset classes, as investment options for members participating in the plans. In doing so, the Board will comply with the requirements of Colorado law governing its selection of investment options for such members, and pursuant to the Fund's master statement of investment policies and objectives, while at the same time seeking to delegate its fiduciary liability to the extent prudent.

In order to provide members with the opportunity to select risk/reward strategies to meet their savings and investment goals, the Board will provide fund options with distinctly different risk/reward trade-offs, each holding securities that are, in the majority, exclusive of the other managers. To this end, the Board's policy is to have a study of investment options performed approximately every two years. The purpose of this study is to provide updated information regarding the risk/reward profiles of current fund options, as well as alternative fund options across various asset classes. This information will be utilized by the Board in determining appropriate fund options.

Members make their own decisions when directing the investment of their contributions and accumulated account balances among the investment options offered. Members assume the risk of investment results derived from both the options offered and the strategies they select. It is the member's responsibility to allocate and reallocate assets among investment options as personal circumstances change. The options offered allow the members to address the risks and needs members face.

## Fund Options for Members

As with any investment strategy, diversification is the key to effective risk management. Consequently, FPPA's Board of Directors has selected a variety of funds across various asset classes from which members can select investment options. Within the funds, one or more pooled investment vehicles are offered in the following asset classes: Stable Value, Money Market, Domestic Bond, Domestic Equity, International Equity, and Target Retirement Date Balanced Funds.

FPPA selected Fidelity Investments® to provide recordkeeping and investment management services for FPPA's 457 Deferred Compensation Plan, Statewide Money Purchase Plan, self-directed DROP plans and the local money purchase plans affiliated with FPPA effective May 1, 2001. Fidelity Investments® provides members with new investment options, convenient access to account information, more flexibility, and increased access to investment education. New services available to members include internet account access and automated phone service. Fidelity Investments® provides members with 23 investment options across various asset classes including ten life-cycle funds. The Fidelity Freedom® life-cycle funds are designed for investors who want a simple approach to investing by investing in a group of other Fidelity mutual funds that provide moderate asset allocation. Each Freedom Fund® offers a different investment horizon and asset allocation strategy based on a target retirement date.

\* Effective January 1, 2004, the Association changed its accounting treatment for private asset management fees. The Association records its share of management fees as an expense with the effect of increasing real estate income earned and increasing the unrealized appreciation or decreasing the unrealized depreciation in the fair value of private equity investments.

The total market value of the Members' Benefit Investment Fund does not include physical assets of the Association, Assets in the Association's Funding Account, receivable and payables of the Association, and assets held as securities lending collateral.

All Alternative Accounts - Net of Fees <sup>3</sup>	-15.49	8.73	14.90
Russell 3000 Index plus 400 basis points	-33.31	-4.63	2.05
Cambridge Custom Benchmark <sup>4</sup>	-4.19	14.46	18.58

### NOTES:

1. Composite of the index benchmark returns of each asset class multiplied by their target asset allocations.
2. Real estate accounts and NCREIF ODCE are reported on a quarter lag.
3. Alternative accounts are reported on a quarter lag.
4. Composite of Cambridge Private Equity Index (82.5%) and Cambridge Venture Capital Index (17.5%), one quarter in arrears.

Performance was calculated by FPPA's custodian bank, BNY Mellon. Returns were calculated using time-weighted rates of return adjusted for significant cash flows (5% of the portfolio or greater) or the Modified-Dietz method was used.

Subject: **Actuarial Certification of Defined Benefit Plans**

Dear Members of the Board:

This letter concerns the actuarial valuations of the FPPA Defined Benefit System - Statewide Defined Benefit Plan, the Defined Benefit System - Statewide Hybrid Plan Defined Benefit Component, the Statewide Death & Disability Plan, the Defined Benefit System – Exempt Plans, and affiliated local old hire and volunteer fire plans.

For each plan, a contribution rate was determined which provides for funding as shown in the following table:

<b>Plan</b>	<b>Funding Objective</b>
Defined Benefit System - Statewide Defined Benefit Plan	Current cost plus level percent of payroll amortization of unfunded liability over 30 years
Defined Benefit System - Statewide Hybrid Plan Defined Benefit Component	Current cost plus level percent of payroll amortization of unfunded liability over 30 years
Statewide Death & Disability Plan	Current cost funded as level percent of payroll of contributing members
Defined Benefit System – Exempt Plans	Current cost plus level dollar amortization of unfunded liability over 30 years
Affiliated Local Old Hire Plans	Current cost plus level dollar amortization of unfunded liability over 14 years
Affiliated Volunteer Fire Plans	Current cost plus level dollar amortization of unfunded liability over 20 years

Most affiliated plans are valued every two years, while the Defined Benefit System and Statewide Death & Disability Plans, and certain state assisted local old hire plans are valued every year. The funding objective for each plan is currently being realized, with the exception of certain affiliated local old hire plans.

The Statewide Death & Disability Plan (“D&D”) contribution rate was increased to 2.6% effective January 1, 2007, the maximum rate currently permitted by statute. The D&D

Board of Trustees  
Fire and Police Pension Association  
Page 2

contribution rate may only be changed every two years by statute. Based on the January 1, 2008 actuarial valuation, the Board elected to leave the contribution rate unchanged at 2.6% for the two year period beginning January 1, 2009.

The Defined Benefit System and Statewide Death & Disability Plans and affiliated local old and new hire plans were last valued as of January 1, 2008. The volunteer firefighter plans were valued as of January 1, 2007.

The valuations were performed based on data provided by FPPA's administrative staff, with an examination of the data for reasonableness. The actuarial methods and assumptions used are in full compliance with all the parameters established by GASB Statements No. 25 & No. 27 and meet the parameters set for the disclosures presented in the financial section by GASB Statement No. 25. The supporting schedules in the actuarial section and the trend tables in the financial section were prepared by FPPA from information in GRS' actuarial reports. We have reviewed these schedules for their accuracy. To the best of our knowledge, the supporting schedules fully and fairly disclose the actuarial conditions of the plans.

The undersigned are independent actuaries. Both are Members of the Society of Actuaries and meet the Qualifications Standards of the American Academy of Actuaries, and they are experienced in performing valuations for large public retirement systems.

Sincerely,  
Gabriel, Roeder, Smith & Company

## General Information

As of December 31, 2008 the Fire & Police Members' Benefit Investment Fund of the Fire & Police Pension Association includes the assets of the Defined Benefit System, Local "Old Hire" police and fire plans, Volunteer Firefighter pension plans, and the Statewide Death & Disability Plan. The Defined Benefit System comprises the Statewide Defined Benefit Plan, the Statewide Hybrid Plan, and the Exempt Plans. An independent actuarial firm is hired by the Association to perform annual valuations on the three statewide plans and the exempt plans, and to perform bi-annual valuations on the local "Old Hire" and volunteer plans. In 2007 the independent actuarial valuations were performed by Gabriel, Roeder, Smith & Company.

All of the local "Old Hire" pension plans have a valuation performed as of January 1 of the even numbered years (2008, 2010, etc.). All of the affiliated volunteer firefighters plans have valuations performed as of January 1 of the odd numbered years (2007, 2009, etc.). The state assisted local "Old Hire" pension plans have their valuation also updated on the odd numbered years per statutory requirement.

Each of the locally administered plans has a different benefit and member structure. All of the affiliated plans use the actuarial assumptions which have been established by FPPA's Board of Directors.

The following data covers detailed information on the three statewide plans and two exempt plans, as well as the other affiliated local plans.

## Summary of Actuarial Assumptions

The Defined Benefit System is a multi-tiered system that is comprised of the Statewide Defined Benefit Plan, the Statewide Hybrid Plan, and the Exempt Plans. The statewide plans are multiple employer, cost sharing public employee retirement systems (PERS).

The Defined Benefit System – Statewide Defined Benefit Plan was created by state statute to cover all members hired on and after April 8, 1978 for normal retirement benefits. This plan was created as the successor to local plans, most of which had significant unfunded liabilities. The local plans are closed to new entrants. As of December 31, 2008, 198 employer plans throughout the state were participating in the Defined Benefit System – Statewide Defined Benefit Plan.

The Defined Benefit System – Statewide Hybrid Plan was created by state statute on January 1, 2004 as an option for local Money Purchase plans and participants in the Fire & Police Members' Statewide Money Purchase plan. It allows participants in these plans to migrate to a defined benefit plan administered by FPPA. The plan is comprised of two components, the Defined Benefit Component and the Money Purchase Component. As of December 31, 2008, 18 employer plans throughout the state were participating.

Two exempt plans joined the Defined Benefit System as of October 1, 2006. They are defined benefit plans for fire and police employees hired on and after April 8, 1978. The plans are closed to new members as of October 1, 2006.

The Statewide Death & Disability Plan is a multiple employer cost sharing plan, previously funded almost exclusively by contributions from the state. This plan was created by state statute, and is designed to provide both on- and off-duty coverage for death and disability for all members in the state who have not yet completed the age and service requirements for a normal retirement. As of December 31, 2008, 378 employer plans were participating.

The valuation for the Defined Benefit System - Statewide Defined Benefit Plan and the Exempt Plans are used to determine the normal cost of the plan, and to determine any "excess" contribution amounts which may be allocated to the members' separate retirement accounts (SRAs) for the following year.

The valuation for the Defined Benefit System - Statewide Hybrid Plan is also used to determine the normal cost of the plan and to determine any "excess" contribution amounts which may be allocated to the Money Purchase Component of the Plan.

FPPA supplied the data for the retired, active and inactive members. The data was examined for general reasonableness and consistency with prior years' information by the independent consulting firm but was not audited.

The actuarial valuation computations were made by or under the supervision of a Member of the American Academy of Actuaries (MAAA) and an Enrolled Actuary (EA).

The following economic and non-economic assumptions were adopted by the FPPA Board of Directors and were first used during the January 1, 2008 actuarial valuations.

## Economic Assumptions

The investment rate of return for purposes of the actuarial valuation is 8.0% per annum, compounded annually and net of operating expenses. Future inflation is assumed to be 3.5% annually and is included in the active members' salary projections. Thus, the real investment rate of return, net of inflation, is 4.5% per annum.

Active members' salary increases are composed of three pieces, inflation increases, productivity component of 1.25%, and step-rate/promotional component which varies by the service of the member. As stated above, inflation is assumed to be 3.5% annually. For the Statewide Plans, retirees and beneficiaries are not assumed to receive annual cost-of-living increases as described under current state statute.

Under the Defined Benefit System - Statewide Defined Benefit Plan, social security benefits for supplemental social security departments are assumed to increase by 3.5% annually and the social security wage base is assumed to increase by 4.0% per year. Under the other affiliated plans, paid plan retirees and beneficiaries from limited rank escalation departments are projected to receive annual cost-of-living increases of 4% per annum, compounded annually for benefits accrued prior to January 1, 1980, and 3% per annum compounded annually for benefits accrued after January 1, 1980 (maximum permitted by law). Paid plan retirees and beneficiaries from full rank escalation departments are projected to receive annual cost-of-living increases of 4% per annum.

Assets are valued at an actuarial value of assets. The actuarial value of assets is based on a three-year moving average of expected and actual market values.

No new members are projected to be added to the plans.

## Non-economic Assumptions

The 1994 Group Annuity Mortality (GAM) Table, reduced by 50%, is used in the valuation for non-duty mortality of active members. Duty related mortality is assumed to be .00025 per year for all members. The 1994 GAM Table, unchanged, is used in the projection of post-retirement benefits. For the Defined Benefit System - Statewide Defined Benefit Plan and Defined Benefit System - Statewide Hybrid Plan, those benefits are for retirees and their spouses. For the Statewide Death & Disability Plan, those benefits are for occupationally disabled retirees and surviving spouses. The 1983 Railroad Retirement Totally Disabled Annuitant Mortality Table is used in the valuation of benefits for totally disabled retirees. And for the other affiliated plans, those benefits are for volunteer (actives and retirees) and paid retirees and their spouses.

The probabilities of separation from service and disablement are based on paid firefighter and police and volunteer experience, and for disablement reflect the increased probability of injury/disablement due to the hazardous nature of firefighter and police work.

The actuarial method used for the valuation of benefits is specified by state statute to be either the Entry Age Normal or Aggregate Cost Method, with experience gains or losses adjusting the unfunded actuarial accrued liability. State statute does also specify that the Defined Benefit System is not allowed to have an unfunded liability. Therefore, the surplus in the Defined Benefit System - Statewide Defined Benefit Plan, Defined Benefit System - Statewide Hybrid Plan, and the Exempt Plans are amortized over 30 years from the valuation date.

## Pre-Retirement Assumptions

Years of Service	Increases in Earnings		
	(Step-Rate/ Promotional)	(Inflation+ Productivity)	(Total)
1	12.00%	4.75%	16.75%
2	10.00%	4.75%	14.75%

## Pre-Retirement Assumptions — Annual Rate per 1,000 Members

Sample Ages	Disability Annual Rate Per 1,000 Members		Years of Service	Separation Annual Rate Per 1,000 Members			Sample Ages	Death Annual Rate Per 1,000 Members	
	(Paid)	(Volunteer)		(Fire)	(Police)	(Volunteer)		(Male)	(Female)
20	0.14	0.10	0	90.0	180.0	165.8	20	0.25	0.14
30	1.15	0.26	5	35.7	49.5	123.9	30	0.40	0.18
40	3.49	0.97	10	20.8	26.7	83.0	40	0.54	0.35
45	4.82	3.50	15	12.1	18.6	54.9	45	0.79	0.49
50	6.26	6.50	20	6.0	14.4	0.0	50	1.29	0.71
55	7.81	8.10	23	3.0	12.7	0.0	55	2.21	1.15

For Statewide Death and Disability Plan:

Service Retirement:

- 1) Statewide Defined Benefit System members — Age 55 and 5 years of service, or current age and service, if greater.
- 2) Money purchase plan members — Earlier of age 65 or age 55 with 25 years of service; or current age, if greater.
- 3) Denver Police local plan members — Age after 25 years of service, or current age if greater.
- 4) Denver Fire local plan members — Age 50 and 25 years of service or current age if greater.
- 5) All other plan members — Age 52 or current age, if greater.

## Post-Retirement Assumptions

Sample Ages	COLA Increases	Social Security (Benefit) (Wage Base)		Full Rank	Limited Rank (Pre 1980) (Post 1980)		Retiree/Surviving Spouse/ Occupational Disability Death Annual Rate Per 1,000 Members (Male) (Female)		Total Disability Death Annual Rate Per 1,000 Members (Unisex)

## Age and Years of Service Distribution

## The Defined Benefit System — Statewide Defined Benefit Plan Solvency Test

The FPPA funding objective for the Defined Benefit System - Statewide Defined Benefit Plan is to be able to pay the retirement benefits promised to the members including the granting of an annual cost-of-living increase to all retirees and beneficiaries. The objective is to entirely fund these promised benefits by 16% of pay, 8% from the employee and 8% from the employer.

A short-term solvency test is used to check FPPA's funding progress towards its funding objective. In a short-term solvency test, the plan's present assets are compared with: (1) liability for active member contributions on deposit, (2) liability for future benefits to present retired lives, (3) liability for service already rendered by active members.

Expressing the net assets available for benefits as a percentage of the different liability measures provides one indication of the funding status on a going-concern basis. Generally the greater the percentages, the stronger the public employee retirement system.

## Defined Benefit System — Statewide Defined Benefit Plan

The schedule on this page illustrates the progress in funding the various liability measures. As can be seen by the funded percentages, the liabilities continue to be 100% covered by current assets. This plan does not have any unfunded liability and current contributions exceed the cost of annual benefit accruals.

### Defined Benefit System — Statewide Defined Benefit Plan Solvency Test

Valuation Date	Valuation Assets (000's)	Aggregate Accrued Liabilities For:			Funded Percentages

## SUMMARY OF PLAN PROVISIONS — Defined Benefit System — Statewide Defined Benefit Plan

### Members Included

Members included are active employees who are full-time salaried employees of a participating municipality, fire protection district, fire authority, or county improvement district normally serving at least 1,600 hours in a calendar year and whose duties are directly involved with the provision are auxiliary to fire protection.

Also included are employees of any employer that covers members under the federal Social Security Act or any county that chooses to affiliate with FPPA and that covers salaried employees whose duties are directly involved with the provision of law enforcement or fire protection as certified by the county under the federal Social Security Act.

### Compensation Considered

Base salary means the total base rate of pay including Member Contributions to the Statewide Defined Benefit Plan or Statewide Money Purchase Plan which are “picked up” by the employer, and shall also include longevity pay, sick leave pay taken in the normal course of employment, vacation leave pay taken in the normal course of employment, shift differential, and mandatory overtime that is part of the Member’s fixed, periodic compensation. Accumulated vacation leave pay will also be included if a Member completes his/her service requirement for purposes of Normal retirement while exhausting accumulated vacation leave. Base salary shall not include overtime pay (except as noted in the preceding sentence), step-up pay or other pay for temporarily acting in a higher rank, uniform allowances, accumulated sick leave pay, accumulated vacation leave pay (except as noted in the preceding sentence), and other forms of extra pay (including Member Contributions which are paid by the employer and not deducted from the Member’s salary). In the event an employer has established or does establish a Deferred Compensation Plan, the amount of the Member’s salary that is deferred shall be included in the Member’s base salary. Any amounts voluntarily contributed to an Internal Revenue Code Section 125 “Cafeteria Plan” shall be included in the Member’s base salary. A Member is deemed temporarily acting in a higher rank if the appointment to the rank is anticipated to last less than six months.

### Normal Retirement Date

A member’s Normal Retirement Date shall be the date on which the member has completed at least twenty-five years of credited service and has attained the age of 55.

## Defined Benefit System — Statewide Defined Benefit Plan

### Normal Retirement Benefit

The annual Normal Retirement Benefit shall be 2% of the average of the member's highest three years base salary for each year of credited service up to ten years plus 2.5% for each year thereafter.

The benefit for members of affiliated social security employers will be reduced by the amount of the social security income the member receives annually for social security benefits accrued prior to 2007. Beginning January 1, 2007, members of affiliated social security employers will participate in the FPPA supplemental social security program which will provide benefits equal to 1% of the average of the member's highest three years base salary for each year of credited service up to ten years plus 1.25% for each year thereafter.

### Early Retirement Benefit

A member shall be eligible for an Early Retirement Benefit after completion of thirty years of service or attainment of age 50 with at least five years of credited service. The Early Retirement Benefit shall be the reduction of the Normal Retirement Benefit on an actuarially equivalent basis.

### Deferred Retirement Benefit

Members who qualify for a Normal or Vested Retirement may defer the receipt of their defined benefit pension to as late as age 65 and receive the actuarial equivalent of the benefit.

### Terminated Vested Benefit

A member who terminates with at least five years of service is vested. A vested member who does not withdraw their contributions from the fund is eligible for a vested benefit, payable at age 55. The monthly benefit is based on the retirement formula described above. Both the salary and service are determined at the time the member leaves active employment. Benefits may commence at age 55.

The benefit for members of affiliated social security employers will be reduced by the amount of social security income the member receives annually for social security benefits accrued prior to 2007.

In the event that the member dies prior to the commencement of payments, his/her designated beneficiary shall receive either a refund of member contributions or a joint and survivor annuity payable when the member would have been eligible for a benefit, whichever is greater; exceptions may apply if benefits are payable from the Statewide Death and Disability Plan. If the member's designated beneficiary dies prior to the time the member would have been eligible to receive a benefit, a refund of the member's employee contribution shall be paid to the beneficiary's estate.

### Severance Benefits

In lieu of a future pension, a member may upon termination elect to have the member's accumulated contributions refunded in a lump sum. In addition to receiving the accumulated contributions, the member shall receive five percent of the total accumulated contributions as interest.

### Cost-of-Living Increases for Benefits in Pay Status

Benefits to members and beneficiaries are increased annually on October 1. The amount of increase is based on the Board's discretion and can range from 0% to the higher of 3% or the Consumer Price Index.

### Contribution Rates

Members of this fund and their employers are currently each contributing at the rate of 8% of base salary.

Contributions from members and employers of plans re-entering the system are established by resolution and approved by the FPPA Board of Directors.

Contributions from members and employers of affiliated social security employers are annually set by the Board of Directors. The contribution rate for members and employers will be 4% each effective January 1, 2007.

### Stabilization Reserve Account (SRA)

Annually, at the discretion of the Board of Directors, the difference between the combined member/employer contribution and the actuarially determined contribution rate may be allocated to the stabilization reserve account. Amounts set aside in the SRA are allocated to individual accounts for each new hire member. A member may receive the amounts in his individual account only upon election of normal, early, disability, or vested retirement. If the cost of the defined benefit plan exceeds the combined member/employer contribution rate, funds from the SRA may be used to make up the shortfall. If the member leaves with less than five years of service, the SRA account is forfeited. Likewise, if a vested member elects to take a refund of member contributions instead of a retirement, the SRA is forfeited. The SRA may be payable in the event of the active member's death if the member was vested at the time of death, or if the member's survivors receive benefits from the Statewide Death & Disability Plan, the applicable SRA offset applies.

## Defined Benefit System — Statewide Defined Benefit Plan

### Deferred Retirement Option Program (DROP)

A member may elect to participate in the DROP after reaching eligibility for normal retirement, early retirement, or vested retirement and age 55. A member continues to work while participating in the DROP, but must terminate employment within five years of entry into the DROP. The member's percentage of retirement benefit is frozen at the time of entry into the DROP. The monthly payments that begin at entry into the DROP are accumulated until the member terminates service, at which time the DROP accumulated benefits can be paid as a monthly installment, lump sum, or if desired, a member may elect to convert the DROP to a lifetime monthly benefit with a cost-of-living adjustment and survivor benefits. The member continues to make contributions, which are credited to the DROP. Effective January 1, 2003, the member shall self-direct the investments of their DROP funds.

### Death Benefits

Upon the death of the active member, if benefits are not payable from the Statewide Death & Disability Plan, the member's beneficiary or if none, the member's estate shall receive a refund of the member's contributions. In this case, if the deceased member was vested, the SRA would also be payable to the beneficiary or estate. Different provisions apply to inactive and retired members.

### Changes in Plan Provisions

The redetermination of the annual cost-of-living adjustment payable under the Statewide Defined Benefit Plan was changed from the Board's discretion of 0-3% to the Board's discretion of 0% to the higher of 3% or the Consumer Price Index effective October 1, 2008.

### Changes in Actuarial Assumptions

On March 26, 2008, the Board adopted new assumptions based on the actuary's analysis and recommendations from the 2008 Experience Study. The new assumptions were first effective for the January 1, 2008 valuation. The modifications are summarized as follows:

- There were no changes made to the assumed inflation rate of 3.50%.
- There were no changes made to the assumed real return on investments (the return in excess of inflation) of 4.50%.
  - *Note: the first two recommendations, taken together, result in no changes to the nominal 8.00% investment return rate assumption.*
- Extended the service based salary schedule from 9 to 15 years. Also modified the service-based components for services years 7-12.
- Increased the payroll growth assumption to 4.25%.
- No changes made to the post-retirement mortality assumption.
- Reduced the non-duty active mortality expectations.
- Increased the service-related active mortality expectations.
- Introduced new disability tables based on the observed plan experience during this investigation period.
- Introduced small retirement probabilities for Statewide Defined Benefit members with less than 25 years of service.
- Introduced retirement probabilities starting at age 50 for money purchase members.
- Decreased the rate of termination based on plan experience. Introduced service only tables.
- Instituted small changes to administrative procedures (data defaults, etc.)

## Defined Benefit System — Statewide Hybrid Plan

The first actuarial valuation completed on the Statewide Hybrid Plan was in 2005.

### Schedule of Active Member Valuation Data

Valuation Date	Number	Average Age	Average Service	Covered Payroll	Annual Average Pay	% Increase in Average Pay

# Defined Benefit System — Statewide Hybrid Plan

## Age and Years of Service Distribution

ACTUARIAL SECTION

## The Defined Benefit System — Statewide Hybrid Plan Solvency Test

The FPPA funding objective for the Defined Benefit System - Statewide Hybrid Plan is to be able to pay the retirement benefits promised to the members including the granting of an annual cost-of-living increase to all retirees and beneficiaries. Contribution rates are actuarially determined each year as the sum of the normal cost and the amortization of the unfunded accrued liability over a period of 30 years from the current valuation date. The Board of Directors then certifies the rates allocated to the Defined Benefit component of the Statewide Hybrid Plan such that the rates will remain relatively stable over time and that will meet this financing objective. As of August 1, 2007 this rate was 10.25% Effective August 2008, the Board certified a contribution rate of 11.0%.

A short-term solvency test is used to check FPPA's funding progress towards its funding objective. In a short-term solvency test, the plan's present assets are compared with: (1) liability for active member contributions on deposit, (2) liability for future benefits to present retired lives, (3) liability for service already rendered by active members.

Expressing the net assets available for benefits as a percentage of the different liability measures provides one indication of the funding status on a going-concern basis. Generally the greater the percentages, the stronger the public employee retirement system.

## Defined Benefit System — Statewide Hybrid Plan

The following schedule illustrates the progress in funding the various liability measures. As can be seen by the funded percentages, the liabilities are 100% covered by current assets. This plan does not have any unfunded liability and current contributions exceed the cost of annual benefit accruals.

### Defined Benefit System — Statewide Hybrid Plan Solvency Test

Valuation Date	Valuation of Assets	Aggregate Accrued Liabilities For:			Funded Percentages		
		(1) Active Member Contributions (000's)	(2) Retirees and Beneficiaries (000's)	(3) Active Members (Employer Financed Portion) (000's)	(1)	(2)	(3)
1/1/08	\$14,075,984	\$9,263,435	\$1,249,679	(\$738,208)	100%	100%	100%
1/1/07	\$9,624,239	\$6,372,113	\$869,103	(\$941,794)	100%	100%	100%
1/1/06	\$7,998,356	\$6,565,089	\$0	(\$1,198,177)	100%	100%	100%
1/1/05	\$5,040,067	\$4,796,229	\$0	(\$760,335)	100%	100%	100%

## SUMMARY OF PLAN PROVISIONS — Defined Benefit System — Statewide Hybrid Plan

### Members Included

Members included are active employees who are full-time salaried employees of a participating municipality, fire protection district, fire authority, or county improvement district normally serving at least 1,600 hours in a calendar year and whose duties are directly involved with the provision of police or fire protection. The Plan may include clerical and other personnel from fire protection districts whose services are auxiliary to fire protection.

### Compensation Considered

Base salary means the total base rate of pay including Member Contributions to the Statewide Defined Benefit Plan or Statewide Money Purchase Plan which are “picked up” by the employer, and shall also include longevity pay, sick leave pay taken in the normal course of employment, vacation leave pay taken in the normal course of employment, shift differential, and mandatory overtime that is part of the Member’s fixed, periodic compensation. Accumulated vacation leave pay will also be included if a Member completes his/her service requirement for purposes of Normal retirement while exhausting accumulated vacation leave. Base salary shall not include overtime pay (except as noted in the preceding sentence), step-up pay or other pay for temporarily acting in a higher rank, uniform allowances, accumulated sick leave pay, accumulated vacation leave pay (except as noted in the preceding sentence), and other forms of extra pay (including Member Contributions which are paid by the employer and not deducted from the Member’s salary). In the event an employer has established or does establish a Deferred Compensation Plan, the amount of the Member’s salary that is deferred shall be included in the Member’s base salary. Any amounts voluntarily contributed to an Internal Revenue Code Section 125 “Cafeteria Plan” shall be included in the Member’s base salary. A Member is deemed temporarily acting in a higher rank if the appointment to the rank is anticipated to last less than six months.

### Normal Retirement Date

A member’s Normal Retirement Date shall be the date on which the member has completed at least twenty-five years of credited service and has attained the age of 55.

### Normal Retirement Benefit

The annual Normal Retirement Benefit shall be 1.5% of the average of the member’s highest three years base salary for each year of credited service.

### Early Retirement Benefit

A member shall be eligible for an Early Retirement Benefit after completion of thirty years of service or attainment of age 50 with at least five years of credited service. The Early Retirement Benefit shall be the reduction of the Normal Retirement Benefit on an actuarially equivalent basis.

### Deferred Retirement Benefit

Members who qualify for a Normal or Vested Retirement may defer the receipt of their defined benefit pension to as late as age 65 and receive the actuarial equivalent of the benefit.

# Defined Benefit System — Statewide Hybrid Plan

## Terminated Vested Benefit

A member who terminates with at least five years of active service may leave his contributions in the fund and when the member attains age 55 be eligible to receive an annual vested benefit equal to one and a half percent (1.5%) of the average of his highest three years base salary for each year of credited service. In the event that the inactive member dies prior to the commencement of payments, his designated beneficiary shall receive either a refund of member contributions or a joint and survivor annuity payable when the member would have been eligible for a benefit, whichever is greater, exceptions may apply if benefits are payable from the Statewide Death & Disability Plan. If the member's designated beneficiary dies prior to the time the member would have been eligible to receive a benefit, a refund of the member's employee contribution shall be paid to the beneficiary's estate.

## Severance Benefits

In lieu of a future pension, a member may upon termination elect to have the member's accumulated contributions refunded in a lump sum. In addition to receiving the accumulated contributions, the member shall receive five percent of the total accumulated contributions as interest. In addition, upon termination, the vested account balance within the Money Purchase component is available to the employee.

## Cost-of-Living Increases for Benefits in Pay Status

Benefits to members and beneficiaries are increased annually on October 1. The amount of increase is based on the Board's discretion and can range from 0-3%.

## Contribution Rates

Members of this fund and their employers are currently each contributing at the rate determined by the individual employer. The amount allocated to the Defined Benefit portion of the Hybrid Plan is annually set by the Board of Directors. The amount, as of the January 1, 2007 actuarial study, was 11.0%. Effective August 1, 2007, the amount decreased to 10.25%. Effective August 1, 2008, the amount will increase to 11.0%.

## Deferred Retirement Option Program (DROP)

A member may elect to participate in the DROP after reaching eligibility for normal retirement, early retirement, or vested retirement and age 55. A member continues to work while participating in the DROP, but must terminate employment within five years of entry into the DROP. The member's percentage of retirement benefit is frozen at the time of entry into the DROP. The monthly payments that begin at entry into the DROP are accumulated until the member terminates service, at which time the DROP accumulated benefits can be paid as a monthly installment, a lump sum, if desired a member may elect to convert the DROP to a lifetime monthly benefit with a cost-of-living adjustment and survivor benefits. The member continues to make contributions, which are credited to the DROP. The member shall self-direct the investments of their DROP funds.

## Death Benefits

Upon the death of an active member, if benefits are not payable from the Statewide Death & Disability Plan the member's beneficiary, or if none the member's estate shall receive a refund of the member's contributions.

## Changes in Plan Provisions

The plan provisions have not changed since the prior valuation.

## Changes in Actuarial Assumptions

On March 26, 2008, the Board adopted new assumptions based on the actuary's analysis and recommendations from the 2008 Experience Study. The new assumptions were first effective for the January 1, 2008 valuation. The modifications are summarized as follows:

- There were no changes made to the assumed inflation rate of 3.50%.
- There were no changes made to the assumed real return on investments (the return in excess of inflation) of 4.50%.  
*- Note: the first two recommendations, taken together, result in no changes to the nominal 8.00% investment return rate assumption.*
- Extended the service based salary schedule from 9 to 15 years. Also modified the service-based components for services years 7-12.
- Increased the payroll growth assumption to 4.25%.
- No changes made to the post-retirement mortality assumption.
- Reduced the non-duty active mortality expectations.
- Increased the service-related active mortality expectations.
- Introduced new disability tables based on the observed plan experience during this investigation period. There are separate rates for money purchase and defined benefit members.
- Introduced small retirement probabilities for Statewide Defined Benefit members with less than 25 years of service.
- Decreased the rate of termination based on plan experience. Introduced service only tables.
- Instituted small changes to administrative procedures (data defaults, etc.)

## Defined Benefit System — Exempt Plans

Two exempt plans joined the Defined Benefit System as of October 1, 2006. They are now known as the Colorado Springs New Hire Pension Plan. There is a Fire Component and a Police Component. This is a defined benefit plan for fire and police employees hired on and after April 8, 1978 but prior to October 1, 2006. The plans are closed to new members as of October 1, 2006.

NOTE: The first actuarial valuation completed on the Defined Benefit System – Exempt Plans was January 1, 2007. The fire and police components are studied separately.

### Schedule of Active Member Valuation Data

	Valuation Date	Number	Average Age	Average Service	Covered Payroll	Annual Average Pay	% Increase in Average Pay

	1/1/07	39.4	10.4
<i>Fire Component</i>	1/1/08	41.7	12.5
	1/1/07	39.7	10.9

\*A breakdown by age/service was not available in the 1/1/2008 actuarial valuations.

### The Defined Benefit System – Exempt Plans Solvency Test

The FPPA funding objective for the Defined Benefit System – Exempt Plans is to be able to pay the retirement benefits promised to the members including the granting of an annual cost-of-living increase to all retirees and beneficiaries. Contribution rates are actuarially determined each year as the sum of the normal cost and the amortization of the unfunded accrued liability over a period of 30 years from the current valuation date. The Board of Directors then certifies the rates allocated to the fire and police components of the Exempt Plans such that the rates will remain relatively stable over time and that will meet this financing objective. As of January 1, 2009, the employer contribution is 9.225% and the employee portion is 8.868% of the employees' salary for the fire component. The employer contribution is 12.949% and the employee portion is 8.0% of the employees' salary for the police component.

A short-term solvency test is used to check FPPA's funding progress towards its funding objective. In a short-term solvency test, the plan's present assets are compared with: (1) liability for active member contributions on deposit, (2) liability for future benefits to present retired lives, (3) liability for service already rendered by active members.

Expressing the net assets available for benefits as a percentage of the different liability measures provides one indication of the funding status on a going-concern basis. Generally the greater the percentages, the stronger the public employee retirement system.

The following schedule illustrates the progress in funding the various liability measures. As can be seen by the funded percentages, the liabilities are not covered by current assets.

#### Defined Benefit System – Exempt Plans Solvency Test

	Valuation Date	Valuation Assets	Aggregate Accrued Liabilities For:			Funded Percentages		
			(1) Active Member Contributions	(2) Retirees and Beneficiaries	(3) Active Members (Employer Financed Portion)	(1)	(2)	(3)
<i>Police Component</i>	1/1/08	\$178,548,095	\$26,161,500	\$57,986,016	\$104,115,688	100%	100%	91%
	1/1/07	\$159,508,243	\$25,344,925	\$45,637,251	\$90,548,804	100%	100%	98%
<i>Fire Component</i>	1/1/08	\$104,946,386	\$16,186,496	\$29,492,338	\$61,710,549	100%	100%	96%
	1/1/07	\$98,290,761	\$17,105,611	\$21,478,666	\$60,553,626	100%	100%	99%

## SUMMARY OF PLAN PROVISIONS — Defined Benefit System – Exempt Plans

### Police Component

The Plan document states that any employee may be retired from further service and shall be eligible for a normal retirement pension at any time after attaining the age of 50 years, if the member has at least twenty five years of service.

The annual normal pension shall be 2% of the member's final average salary (past 18 months) for each full year of credited service up to ten years plus 2.75% for each full year thereafter with a maximum benefit of 75%. Cost-of-living-adjustments begin on October 1 immediately

## Defined Benefit System — Exempt Plans

prior to the retired police officer turning age 60 or ten years after benefits payment commence, whichever is earlier. The amount of the cost-of-living-adjustment cannot exceed 3% per year subject to limitations linked to the consumer price index.

In addition, upon retirement a participant may receive additional benefits credited to the participant's Separate Retirement Account. These are attributable to contributions in excess of the actuarially determined pension cost and any earnings or losses thereon. Participants do not vest in amounts credited to their account until retirement and the Plan may use such stabilization reserve amounts to reduce pension cost in the event such cost exceeds contributions. Effective January 1, 2007, the Separate Retirement Account contribution rate for members of the Police Component was set at 0%. The rate remained at 0% for calendar year 2008.

A member shall be eligible for an early retirement benefit after completion of twenty years of service and attainment of age 45. The early retirement benefit is reduced by 7.5% for each year that the member is less than age 50.

Upon termination, an employee may elect to have all member contributions, along with 5% per annum, as interest, returned as a lump sum distribution. Alternatively, a member with at least ten years of accredited service may leave contributions with the Plan and continue to be eligible for a retirement pension at age 50 equal to 2% of the member's final average salary (past 18 months) for each full year of credited service up to ten years plus 2.75% for each full year thereafter with a maximum benefit of 75%.

Members who qualify for normal retirement may defer the receipt of their defined benefit pension to as late as age 65 and receive the actuarial equivalent benefit.

Members who qualify for normal retirement may elect to participate in the DROP for a maximum of five years.

### Changes in Plan Provisions

The plan provisions have not changed since the prior valuation.

### Changes in Actuarial Assumptions

On March 26, 2008, the Board adopted new assumptions based on the actuary's analysis and recommendations from the 2008 Experience Study. The new assumptions were first effective for the January 1, 2008 valuation. The modifications are summarized as follows:

- There were no changes made to the assumed inflation rate of 3.50%.
- There were no changes made to the assumed real return on investments (the return in excess of inflation) of 4.50%.
  - *Note: the first two recommendations, taken together, result in no changes to the nominal 8.00% investment return rate assumption.*
- Extended the service based salary schedule from 9 to 15 years. Also modified the service-based components for services years 7-12.
- Increased the payroll growth assumption to 4.25%.
- No changes made to the post-retirement mortality assumption.
- Reduced the non-duty active mortality expectations.
- Increased the service-related active mortality expectations.
- Introduced new disability tables based on the observed plan experience during this investigation period. There are separate rates for money purchase and defined benefit members.
- Introduced small retirement probabilities for Statewide Defined Benefit members with less than 25 years of service.
- Introduced retirement probabilities starting at age 50 for money purchase members.
- Decreased the rate of termination based on plan experience. Introduced service only tables.
- Instituted small changes to administrative procedures (data defaults, etc.)
- The Third Week Pay assumption was revised in recognition of the City's administrative policy regarding this option.

### Fire Component

The Plan document states that any employee may be retired from further service and shall be eligible for a normal retirement pension at any time after attaining the age of 55 years, if the member has at least twenty five years of service.

The annual normal pension shall be 2% of the member's final average salary (past 18 months) for each full year of credited service up to ten years plus 2.85% for each full year thereafter with a maximum benefit of 77%. Cost-of-living-adjustments begin on October 1 immediately prior to the retired firefighter turning age 65 or ten years after benefits payment commence, whichever is earlier. The amount of the cost-of-living-adjustment cannot exceed 3% per year subject to limitations linked to the consumer price index.

## Defined Benefit System — Exempt Plans

In addition, upon retirement a participant may receive additional benefits credited to the participant's Separate Retirement Account. These are attributable to contributions in excess of the actuarially determined pension cost and any earnings or losses thereon. Participants do not vest in amounts credited to their account until retirement and the Plan may use such stabilization reserve amounts to reduce pension cost in the event such cost exceeds contributions. Effective January 1, 2007, the Separate Retirement Account contribution rate for members of the Fire Component was set at 0%. The rate remained at 0% for calendar year 2008.

A member shall be eligible for an early retirement benefit after completion of twenty years of service and attainment of age 50. The early retirement benefit is reduced by 4.615% for each year that the member is less than age 55.

Upon termination, an employee may elect to have all member contributions, along with 5% per annum, as interest, returned as a lump sum distribution. Alternatively, a member with at least ten years of accredited service may leave contributions with the Plan and continue to be eligible for a retirement pension at age 55 equal to 2% of the member's final average salary (past 18 months) for each full year of credited service up to ten years plus 2.85% for each full year thereafter with a maximum benefit of 77%.

Members who qualify for normal retirement may defer the receipt of their defined benefit pension to as late as age 65 and receive the actuarial equivalent benefit.

Members may elect to participate in the DROP for a maximum of five years if they are eligible for normal retirement or if the sum of their age and years of credited service equal at least 75.

### Changes in Plan Provisions

The plan provisions have not changed since the prior valuation.

### Changes in Actuarial Assumptions

On March 26, 2008, the Board adopted new assumptions based on the actuary's analysis and recommendations from the 2008 Experience Study. The new assumptions were first effective for the January 1, 2008 valuation. The modifications are summarized as follows:

- There were no changes made to the assumed inflation rate of 3.50%.
- There were no changes made to the assumed real return on investments (the return in excess of inflation) of 4.50%.
  - *Note: the first two recommendations, taken together, result in no changes to the nominal 8.00% investment return rate assumption.*

ACTUARIAL SECTION

# Statewide Death & Disability Plan

## The Statewide Death & Disability Plan Solvency Test

The FPPA funding objective for the Statewide Death & Disability Plan is to be able to pay the death and disability benefits promised to the members including the granting of an annual cost-of-living increase to all retirees and beneficiaries.

A short-term solvency test is used to check FPPA's funding progress towards its funding objective. In a short-term solvency test, the plan's present assets are compared with: (1) liability for active member contributions on deposit, (2) liability for future benefits to present retired lives, (3) liability for service already rendered by active members.

Expressing the net assets available for benefits as a percentage of the different liability measures provides one indication of the funding status on a going-concern basis. Generally the greater the percentages, the stronger the public employee retirement system.

The schedule below illustrates the progress in funding the various liability measures. As can be seen by the funded percentages, the liabilities are 100% covered by current assets based on current law with a 0% cost-of-living-adjustment. This plan does not have any unfunded liability and current contributions exceed the cost of annual benefit accruals.

### Statewide Death & Disability Plan - Solvency Test

Valuation Date	Valuation of Assets (000's)	Aggregate Accrued Liabilities For			Funded Percentages

## SUMMARY OF PLAN PROVISIONS — Statewide Death & Disability Plan

### Members Included

Members included are active employees who are full-time salaried employees of a participating municipality or fire protection district normally serving at least 1,600 hours in a calendar year and whose duties are directly involved with the provision of police or fire protection. Former members who have died or become disabled and beneficiaries of these former members are also included. As of August 1, 2003, the Plan may include part-time police and fire employees.

### Compensation Considered

Base salary means the total base rate of pay including Member Contributions to the Statewide Defined Benefit Plan or Statewide Money Purchase Plan which are "picked up" by the employer, and shall also include longevity pay, sick leave pay taken in the normal course of employment, vacation leave pay taken in the normal course of employment, shift differential, and mandatory overtime that is part of the Member's fixed, periodic compensation. Accumulated vacation leave pay will also be included if a Member completes his/her service requirement for purposes of Normal retirement while exhausting accumulated vacation leave. Base salary shall not include overtime pay (except as noted in the preceding sentence), step-up pay or other pay for temporarily acting in a higher rank, uniform allowances, accumulated sick leave pay, accumulated vacation leave pay

# Statewide Death & Disability Plan

(except as noted in the preceding sentence), and other forms of extra pay (including Member Contributions which are paid by the employer and not deducted from the Member's salary). In the event an employer has established or does establish a Deferred Compensation Plan, the amount of the Member's salary that is deferred shall be included in the Member's base salary. Any amounts voluntarily contributed to an Internal Revenue Code Section 125 "Cafeteria Plan" shall be included in the Member's base salary. A Member is deemed temporarily acting in a higher rank if the appointment to the rank is anticipated to last less than six months.

## Pre-Retirement Death Benefits

If a member dies prior to normal retirement eligibility while off-duty, the surviving spouse shall receive a benefit (including payments made from local defined contribution plans) equal to 40% of the monthly base salary paid to the member prior to death. An additional 10% of base salary is payable if a surviving spouse has two or more dependent children, or if there are three or more dependent children without a surviving spouse. If there is no surviving spouse, but the member had one or more dependent children, the benefit payable is 40% of the member's monthly base salary. If there is no spouse but three or more dependent children, the monthly benefit equals 50% of the member's base salary.

As of October 15, 2002, if a member dies prior to retirement while on-duty, the surviving spouse shall receive a benefit equal to 70% of the member's monthly base salary regardless of the number of dependent children. If there is no spouse but one or more dependent children living in the member's household, the monthly benefit equals 70% of the member's monthly base salary. If there are dependent children without a surviving spouse, and they do not live in the household, the benefit is 40% for the first child, and 15% for each additional child, but not greater than a 70% total benefit.

Benefits will be paid to the spouse until death and to dependent children until death, marriage or other termination of dependency. These benefits are offset by the actuarial equivalent value of the Money Purchase, DROP, and SRA account balances, as if they were converted to annuities.

## Disability Benefits

A member who becomes disabled prior to retirement shall be eligible for disability benefits. If the member is totally disabled, he shall receive 70% of his base salary preceding disability.

If the member is occupationally disabled and his disability is determined to be a permanent occupational disability, he shall receive 50% of his base salary preceding disability regardless of his family status.

If the member is occupationally disabled and his disability is determined to be a temporary occupational disability, he shall receive 40% of his base salary preceding disability regardless of his family status for up to five years.

Total disability and occupational disability benefits are offset by any applicable Money Purchase, DROP or SRA balance. For member's who also participate in Social Security, disability benefits are reduced by Social Security disability benefits derived from employment as a member, if applicable. Further offset may apply based on a member's earned income. Temporary Occupational Disability benefits are payable for a maximum of five years. Permanent Occupational and Total Disability benefits are payable as long as the member remains disabled.

## Cost-of-Living Increases for Benefits in Pay Status

Benefits payable from the Statewide Death & Disability Plan are subject to an ad-hoc cost-of-living adjustment up to 3% each year as determined by the Board. Totally disabled members and their beneficiaries receive an automatic cost-of-living-adjustment each year of 3%.

## Contributions

Members hired after 1996 contribute 2.6% of pay. This 2.6% contribution may be paid entirely by either the employer or member, or it may be split between the employer and the member.

## Offsets for SRA, DROP, and Money Purchase

Death and disability benefits are reduced by the actuarially equivalent annuities of the SRA, DROP, and Money Purchase account balances. A maximum of 16% of the annual Money Purchase contributions apply for this purpose.

## Changes in Plan Provisions

The plan provisions have not changed since the prior valuation.

## Changes in Actuarial Assumptions

On March 26, 2008, the Board adopted new assumptions based on the actuary's analysis and recommendations from the 2008 Experience Study. The new assumptions were first effective for the January 1, 2008 valuation. The modifications are summarized as follows:

## Statewide Death & Disability Plan

- There were no changes made to the assumed inflation rate of 3.50%.
- There were no changes made to the assumed real return on investments (the return in excess of inflation) of 4.50%.
  - *Note: the first two recommendations, taken together, result in no changes to the nominal 8.00% investment return rate assumption.*
- Extended the service based salary schedule from 9 to 15 years. Also modified the service-based components for services years 7-12.
- Increased the payroll growth assumption to 4.25%.
- No changes made to the post-retirement mortality assumption.
- Reduced the non-duty active mortality expectations.
- Increased the service-related active mortality expectations.
- Introduced new disability tables based on the observed plan experience during this investigation period. There are separate rates for money purchase and defined benefit members.
- Introduced small retirement probabilities for Statewide Defined Benefit members with less than 25 years of service.
- Introduced retirement probabilities starting at age 50 for money purchase members.
- Decreased the rate of termination based on plan experience. Introduced service only tables.
- Instituted small changes to administrative procedures (data defaults, etc.)

## Affiliated Local Plans

**Note:** Data compilation began with the 1/1/96 actuarial valuation. Actuarial studies are completed every other year. Each employer participating in the system is financially responsible for its own liabilities. Accordingly, the aggregate numbers presented in this section are indicative only of the overall condition of the system and are not indicative of the status of any one employer.

### Schedule of Active Member Valuation Data

Valuation Date	Number of Participating Employers	Number of Paid and Volunteer Members	Annual Payroll of Paid Members	Annual Average Pay of Paid Members	% Increase in Average Pay

# Affiliated Local Plans

## SUMMARY OF PLAN PROVISIONS — Affiliated Local Plans

### Members Included

The Affiliated Local Plans are for the benefit of two distinct groups. The first of those are fire and police employees of affiliated employers hired prior to April 8, 1978 (Old Hires). The second of those are the volunteer firefighters of affiliated plans.

### Compensation Considered

Base salary, including longevity, sick and vacation pay.

Volunteer members are not compensated. Their benefit is generally based on the total assets in the plan.

### Normal Retirement Date

A member's Normal Retirement Date varies with each plan. Several plans are based on the date a member has completed years of credited service, usually twenty to twenty five years. Most plans require the member to complete twenty -twenty five years of credited service and attain the age of 50 to 55.

### Normal Retirement Benefit

The annual Normal Retirement Benefit varies with each plan. The benefit calculation ranges from 50-75% of salary. Several plans offer a lump sum actuarial equivalent benefit.

Volunteer plans offer a flat dollar benefit from \$0 - \$1,000 per month.

### Deferred Vested Benefit

Some plans allow a member to leave their contributions in the fund and be eligible to receive a vested benefit based on salary times years of credited service at termination, usually with a maximum benefit of 50% of pay. The benefit is payable at normal retirement age, typically age 50 or 55. The minimum eligibility for this benefit is usually ten or twenty years of service at termination. Most plans do not offer deferred vested benefits.

Volunteer plans offer a flat dollar benefit that ranges from 50-100% of the normal retirement benefit depending on the years of credited service at termination. The benefit is usually payable at age 50.

### Severance Benefits

In lieu of a future pension, some plans offer their members upon termination an election to have accumulated contributions refunded in a lump sum. In addition to receiving accumulated contributions, the member may receive interest on the total accumulated contributions. Most plans do not offer severance benefits.

Volunteer plans are restricted by statute and cannot offer severance benefits.

### Cost-of-Living Increases for Benefits in Pay Status

Several plans offer a cost-of-living increase to their retirees and beneficiaries. Some only offer an ad-hoc cost-of-living increase. Others offer an escalation benefit based on the rank at which the member retired.

Volunteer plans are restricted by statute and cannot offer a cost-of-living increase.

### Contribution Rates

The contribution rate varies for each plan. Paid member rates range from 0-10%.

Volunteer members do not contribute to their plan.

### Pre-Retirement Death and Disability Benefits

The paid members are covered by the Statewide Death & Disability Plan.

Some volunteer plans offer a 50% benefit. All volunteer plans are required to pay at least a \$100 lump sum funeral benefit.

# Affiliated Local Plans

## Post-Retirement Death Benefits

Most plans offer a 50-100% benefit to the surviving spouse until death or remarriage. Some plans also offer actuarially equivalent post-retirement death benefits.

## Deferred Retirement Option Plan (DROP)

Several plans allow a member to participate in the DROP after reaching eligibility for normal or delayed retirement. A member continues to work while participating in the DROP, but must terminate employment within a given time frame, generally between three to five years of entry into the DROP. The member's percentage of retirement benefit is frozen at the time of entry into the DROP. The monthly payments go into the DROP and are accumulated until the member terminates service, at which time the DROP and accumulated benefits can be paid as a lump sum or periodic payments, if desired. The member continues contributing the employee percentage of pay which is credited to the DROP.

## Changes in Plan Provisions

The provisions of the local plans will vary from plan to plan, as will the periodic changes made to the plans.

## Changes in Actuarial Assumptions

On March 26, 2008, the Board adopted new assumptions based on the actuary's analysis and recommendations from the 2008 Experience Study. The new assumptions were first effective for the January 1, 2008 valuation. The modifications are summarized as follows:

- There were no changes made to the assumed inflation rate of 3.50%.
- There were no changes made to the assumed real return on investments (the return in excess of inflation) of 4.50%.
  - *Note: the first two recommendations, taken together, result in no changes to the nominal 8.00% investment return rate assumption.*
- Extended the service based salary schedule from 9 to 15 years. Also modified the service-based components for services years 7-12.
- Increased the payroll growth assumption to 4.25%.
- No changes made to the post-retirement mortality assumption.
- Reduced the non-duty active mortality expectations.
- Increased the service-related active mortality expectations.
- Introduced new disability tables based on the observed plan experience during this investigation period. There are separate rates for money purchase and defined benefit members.
- Introduced small retirement probabilities for Statewide Defined Benefit members with less than 25 years of service.
- Introduced retirement probabilities starting at age 50 for money purchase members.
- Decreased the rate of termination based on plan experience. Introduced service only tables.
- Instituted small changes to administrative procedures (data defaults, etc.)
- Made changes to the termination and retirement rates for volunteer plans based on plan experience.

The Statistical Section of the FPPA annual report contains a variety of information concerning FPPA's operations including legislation, member demographics and disbursement of state funds to municipalities.

This information is presented in narrative, graphical and tabular forms which staff hopes will assist individuals desiring a more comprehensive understanding of the Association's functions.

While the material in this section is intended to supplement the independent auditor's report contained elsewhere, none of the information within the Statistical Section has been reviewed or certified as to its accuracy by FPPA's auditors.

## 2008 FPPA Legislative Matters

---

In 2008, two pieces of legislation important to FPPA were passed.

### House Bill 08-1070 - FPPA Statewide Defined Benefit Cost-of-Living Bill

#### Bill Highlights

- This legislation modifies how the FPPA Board of Directors may increase the COLA benefits in the SWDB plan. While COLAs remain at the discretion of the FPPA, the new maximum COLA is the higher of the CPI for urban wage earners or 3%.

### Senate Bill 08-009 - Overpayment / Fraud Bill

#### Bill Highlights

- This legislation establishes penalties related to benefits paid to a Member who, otherwise required by law, fails to submit to a medical examination or fails to provide pertinent information to the FPPA Board of Directors under the Statewide Death and Disability Plan.
- Permits the FPPA Board to review benefits to determine if there has been fraud, an overpayment, an error, or a mistake. Authorizes the Board to take action based on the findings of the review.

## 2008 Distribution of Funds Directly Received by the State of Colorado

### State Funds Allocated to Local Plans to Reduce Unfunded Liabilities

# Schedule of Average Benefit Payments

## Affiliated Local Plans

Year Retired	In Total
<b>1/1/08 - 12/31/08</b>	
Average monthly benefit	\$399
Average final average salary	Not Available
Number of service retirees	95
<b>1/1/07 - 12/31/07</b>	
Average monthly benefit	\$1,717
Average final average salary	Not Available
Number of service retirees	200

Note 1: Information for years prior to 2007 is not available.

Note 2: Information on Years of Service is not available for the Affiliated Local Plans.

## Statewide Death & Disability Plan

Year Retired	In Total
<b>1/1/08 - 12/31/08</b>	
Average monthly benefit	\$2,153
Average final average salary	Not Available
Number of service retirees	24
<b>1/1/07 - 12/31/07</b>	
Average monthly benefit	\$2,175
Average final average salary	Not Available
Number of service retirees	31

Note 1: Information for years prior to 2007 is not available.

Note 2: Service is not taken into consideration in the benefit calculation for this plan, therefore only totals are available.

## Defined Benefit System – Statewide Defined Benefit Plan

Year Retired	Years of Service Credit					
	0-10	10-15	15-20	20-25	25-30	30+
<b>1/1/08 - 12/31/08</b>						
Average monthly benefit	\$1,165	\$1,220	\$1,631	\$2,546	\$3,836	\$3,932
Average highest average salary	\$3,940	\$3,831	\$3,937	\$4,569	\$5,067	\$6,428
Number of service retirees	2	3	8	9	12	4
<b>1/1/07 - 12/31/07</b>						
Average monthly benefit	\$424	\$882	\$1,228	\$1,911	\$2,883	\$4,131
Average highest average salary	\$4,002	\$4,658	\$4,014	\$4,923	\$5,146	\$5,726
Number of service retirees	1	2	4	8	25	7

Note 1: Information for years prior to 2007 is not available.

Note 2: Benefits for this plan are based upon average highest average salary.

## Defined Benefit System – Statewide Hybrid Plan - Defined Benefit Component

Year Retired	Years of Service Credit					
	0-10	10-15	15-20	20-25	25-30	30+
<b>1/1/08 - 12/31/08</b>						
Average monthly benefit	N/A	\$1,150	N/A	N/A	\$1,579	N/A
Average highest average salary	N/A	\$8,753	N/A	N/A	\$4,887	N/A
Number of service retirees	0	1	0	0	1	0
<b>1/1/07 - 12/31/07</b>						
Average monthly benefit	N/A	\$1,150	N/A	N/A	N/A	N/A
Average highest average salary	N/A	\$8,753	N/A	N/A	N/A	N/A
Number of service retirees	0	1	0	0	0	0

Note 1: Information for years prior to 2007 is not available.

Note 2: Benefits for this plan are based upon average highest average salary.

## Defined Benefit System – Exempt Plans (Combined Police and Fire)

Year Retired	Years of Service Credit					
	0-10	10-15	15-20	20-25	25-30	30+
1/1/08 - 12/31/08						
Average monthly benefit	N/A	\$1,539	N/A	\$3,150	\$5,525	N/A
Average final average salary	N/A	\$5,503	N/A	\$6,005	\$8,254	N/A
Number of service retirees	0	2	0	4	2	0
1/1/07 - 12/31/07						
Average monthly benefit	N/A	\$1,041	\$1,731	\$3,486	\$3,705	\$2,467
Average final average salary	N/A	\$5,276	\$4,971	\$6,193	\$5,906	\$4,708
Number of service retirees	0	1	2	5	11	2

Note: Information for years prior to 2007 is not available.

## FPPA Staff Healthcare Subsidy Plan

Year Retired	Years of Service Credit					
	0-10	10-15	15-20	20-25	25-30	30+
1/1/08 - 12/31/08						
Average monthly benefit	N/A	N/A	\$213	N/A	N/A	N/A
Average final average salary	N/A	N/A	N/A	N/A	N/A	N/A
Number of service retirees	0	0	1	0	0	0
1/1/07 - 12/31/07						
Average monthly benefit	N/A	N/A	N/A	N/A	N/A	N/A
Average final average salary	N/A	N/A	N/A	N/A	N/A	N/A
Number of service retirees	0	0	0	0	0	0

Note 1: Information for years prior to 2007 is not available.

Note 2: Average final average salary is not taken into consideration in the benefit calculation for this plan.
